Dear John:

We are sending along to you enclosed the two articles that have appeared in Chicago papers about the show. There should be more from other sources later---if the critics are conscientious!

We had a nice turn-out for the preview; no sales as yet, but much interest, and some nibbles. We are following up every possibility.

It was a pleasure to meet your two delightful and beautiful sisters. They were thrilled to see so much of your work all in one place, and thought it very well presented.

We hope to have more to report in our next letter. All the best to both of you,

*Sally*
