VIA ANGELO MASINA, 8

(PORTA S. PANCRAZIO)

ROME

CABLE ADDRESS  
"AMACADMY."

31 March 55

Dear John:

You and Rubenka were so good to write - and  
it was fun seeing you both again in New York - if only  
the time had been longer -

Gordon Washburn saw your bronzes here - The  
ones which had been in The U.S.I.S. Show. He liked  
them enormously, and only wishes The Carnegie  
International showed sculpture as well as painting.

Your bronzes are now packed and sealed by  
The customs, and we can send them to you  
as soon as anybody returns by boat. Let me know if  
this is what you want to have done with them -  
or if you want them sent elsewhere.

We miss you both so much - Even the  
Spring, Easter here is a bit dreary without  
you. Let me know how things are  
going - and all our best -  
A. Mrs. Lawrence V. P. ...
