Dear Mr. Rhoden:

The Institute of International Education (IIE) annually conducts scholarship competitions for American students wishing to pursue graduate study, research or professional training abroad under the Fulbright-Hays Program sponsored by the International Communication Agency and for other awards offered by foreign governments, universities and private donors. To assist in the selection of candidates, the Institute convenes a National Screening Committee comprised of area specialists and authorities in various fields to review applications and nominate candidates to the award sponsors. The enclosed brochure describes the award programs for the 1984-85 academic year.

On behalf of the Institute's Board of Trustees, I take great pleasure in inviting you to serve on the committee which will review applications in the field of Sculpture, for the 1984-85, 1985-86, and 1986-87 competitions, or for a period of three years.

The 1984-85 committee will convene at IIE in New York at the above address on November 22, 1983, from 9:30 a.m. to 5:00 p.m.

The Institute will reimburse committee members for transportation, meals and lodging expenses.

I know that your knowledge and judgment will be of great value to the committee and hope that you will be able to participate. Please address your reply to Miss Theresa Granza, Manager, Study Abroad Programs, at the above address.

Sincerely yours,

Richard W. Dye
