Fred. Colwell

Dear Mr. Colwell,

In a letter I received from John today, he asks that I meet him in Rome on Dec. 9th, 1958 to carry on the last lap of the tour with him. As you may already know I worked with John on the other tour he made for State, and at that time I paid my own expenses, and I was glad to do it, as there is such a great need for the work of Cultural Exchange. However, it isn't possible for me to participate in his program this time unless State can find transportation for me. I am aware that two grants cannot be made in one family; but I am not making inquiry about per diem, only about transportation, which is certainly a bit enough item in itself.

Please let me hear from you at your earliest convenience.

Sincerely

Richanda
