Dear Barbara

I received your comic book from you but I
probably the fact that could be read little by bit
in about 30 minutes for being bought for Indonesia
I understand the feeling is very that American
I think I could handle my program very
well. The way things were handle here were
very good for me because the Americans in
the government had little or no contact. I think
I give plans a big surprise.

Dear I had just got some stone. I found the
figure and told. It cost me \$250.4 do hope
you'll be pleased. I wanted a bigger and
better stone but would have cost \$300. I talked
some very big kind American that lives here and
really is doing a better job than all of the USA
to give you a painting of the old that painting
It is a big 12 inch in the know on the left. It
gave me three. Two quite recent, 50 years
they look it two. But I hope is the charm of this
kind of painting. I told them how you liked
amulet to it of a fantasy

There might be much to tell you. I haven't
been able to do much writing. At this
moment it is about 1957. I'm very tired
writer. For getting here dropping. I had to
put on my old wall paint to help keep
my weight down. It's let me hear from
you soon somewhere.

I shall try to spend most of my time in
Bali. But you write me to American Embassy Banda
