

April 23, 1944.

Dear Richenda

Many thanks for your lovely Easter card & the beautiful meaning. I am sorry that I do not write to you sooner because my wife & I had been away for a short vacation & have been very busy after we came back.

I still haven't got any more information about Larry. I told my friend to ask her friend working in the War Dept to copy the exact statement from Larry's file. Sorry that her friend had been away for ten days & could not give it to me sooner. However she promised me to do that after her friend returns from the vacation.

I heard from Larry's aunt that Mrs Kay had received your letter & had asked the Red Cross to find out some more information. I am going to write to her tonight.

How are you getting along in New York? We welcome you to come to Washington to visit us whenever you have time.

Very sincerely yours  
Shaw Your Larry.
