Mr. Robert C. Dean
Perry, Shaw, Hepburn and Dean
955 Park Square Building
Boston 16, Mass.

Dear Mr. Dean,

On returning to N.Y. today after an absence of several weeks I found the notification from the McCloskey Co. directed to you concerning the project with which I have been involved for the past several months.

I would like to be known to all parties concerned that I have constantly made complaints concerning both labor and material costs. All expenditures listed seem to me to be excessively high, due to working through Rodman H. Martin.

After this week I hope to maintain only one welder and I trust that in regard to this that there will be no complaints from the union. This notification was a shocker to me and in all future purchases I would like to by-pass Rodman H. Martin and all the extra expenses that Rodman H. Martin charge for ^{the} handling of material and labor.

Sincerely,
