

March 14th, 1958

Mr. Stuart M. Mertz  
8230 Forsyth Blvd.  
St. Louis 24, Mo.

Dear Mr. Mertz,

This week I returned from Italy where I have been having bronzes cast for the past six months, and I found your letter and the East Garden Planting Plan for the residence of Mr. and Mrs. Robert Wolfson.

The date on your letter being Nov. 13th, 1957, I realize that you may have, by this time, very well have taken care of the particular project you mention in the letter. However, if this is not the case, I will say that I have a new piece of sculpture DOUBLE DUTCH, OF TWO girls jumping rope, which is now only a little over two feet, but which I could enlarge to a suitable size for the particular garden area you mention in your letter. At the present time I do not have a photograph of DOUBLE DUTCH to send you but I am hoping to have one ready for you next week, if you would be at all interested. Please let me hear from you.

It was more than kind of you to remember me and for sending the photograph of the Steinberg Garden.

Fany, very thanks again and best wishes.

Sincerely,
