September 17, 1966

Slocum & Fuller, Engineers,
207 E. 32nd Street,
New York 10, N. Y.

Attention: Mr. Thomas S. Duff

SUBJECT: PHILA. SEPARATE HOTEL

Gentlemen:

We acknowledge your letter of September 6th regarding the electric wiring for the Mobiles.

After our discussion of this subject, at the job on Thursday, September 15th, Mr. Dean advised us that the Mobiles will have to come to the job, knocked down and therefore the wiring will have to be done as they are put together on the job. He instructed us to make arrangements for this with Keystone Engineering Corporation at the appropriate time.

Very truly yours,

McCLOSKEY & CO.

J. C. McCLOSKEY, JR.
