Dear John:

Thank you for both of your nice letters written from Rome in regard to doing some sketches for us of a sculptured wall panel for the ballroom in Dallas.

I will get in touch with you soon after you return to New York and will discuss the problem with you as it is much too difficult to convey any idea of what we want by letter.

Our budget for the ballroom, at the moment, is running very high and I am afraid we can't afford much more for decoration. However, there are many other areas in the hotel for which you might be interested in submitting sketches.

Looking forward to hearing from you as soon as possible after you return to New York.

Very sincerely,

Mary M. Kennedy —
