Professor John Rhoden
23 Cranberry Street
Brooklyn Heights, NY 11201

Dear Professor Rhoden:

We are in the process of programming the judging and evaluation of the maquettes depicting Frederick Douglass. Although we anticipated having our advisors-judges here on July 24, this meeting will not be kept because of unforeseen circumstances. Therefore, we have tentatively scheduled this panel to convene the last part of August or early September.

One additional request that I solicit from you is asking that you submit an invoice in duplicate so that we can process the purchase order for payment, which I shall do immediately upon receipt of the invoice.

Following the judging process, I will notify you on the decision of the panel.

Again, I thank you for your participation in this rather unique and interesting program of procuring a statue of a very important man, Frederick Douglass, which will be used at his home 'Cedar Hill' in Washington.

Sincerely yours,

Sois R. Ingram
Exhibit Designer
