NORTHEAST BROOKLYN HIGH SCHOOL

Mr. John W. Rhoden  
23 Cranberry Street  
Brooklyn, New York 11201

Dear Mr. Rhoden:

As per our telephone conversation, we send you herewith several zerox copies of perspective of the alcove at main entrance to the school.

The platform is 10'-0" wide, and space between face of platform and entrance frame is approximately 2'-6". Door opening to face of platform is approximately 9'-0". Hope this is what you had in mind.

Very truly yours,

KAHN and JACOBS
