THE ROTUNDA DURING AN ANNUAL EXHIBITION

## THE PENNSYLVANIA ACADEMY OF THE FINE ARTS 1911-1912

The Pennsylvania Academy is the oldest school in America devoted exclusively to the cultivation of the fine arts.

During the hundred and more years of its existence, it has aided in the training of many of the men and women whose names are the most illustrious on the pages of American Art. Among its former students are eminent painters—figure, landscape, and marine—mural decorators, illustrators, and sculptors of national reputation. In fact, its history is in no small measure the history of American Art itself.

The School is under the immediate care of a Curator and Committee on Instruction appointed by the President and Board of Directors, together with a Faculty composed of representative artists of the day, men of wide experience as teachers and eminently qualified to discover and develop every latent talent which students may possess.

The aim of the Academy is not only to supply the best facilities for the study of the Fine Arts in general, but also by means of regular courses of study to equip its students for any special line of artistic work which they may desire to follow.

It wastes no time in preparing its students for admission to its courses of study, but, presupposing that they have received primary instruction already, engages them at once and exclusively in the study of the Fine Arts and bends all its energies in this direction alone.

It especially aims to instruct its students in correct Drawing, and some of its largest prizes are based upon this fundamental requisite to graphic art. It aims, furthermore, to instruct its pupils in Color, its harmony and contrast, and to create and develop in them a correct color sense, also in composition, in perspective, and in every other essential to a comprehensive study of the fine arts.

Lectures of general and special interest are given during the year, and the students may attend them without extra charge.

The Academy's Permanent Collection of paintings and sculpture is an important adjunct to the students' regular work.

THE CORRIDOR

The Permanent Collection of paintings and sculpture includes the Gallery of National Portraiture, the Temple Collection of Modern American Paintings, and the Gibson Collection, which is largely composed of works of the Continental schools.

Copying in the galleries is permitted to students under reasonable regulations.

The Annual Exhibitions held by the Academy bring together the best examples of American painting and sculpture, and enable the student to follow intelligently the various movements of modern art, and study the technical methods by which the art of the day is achieving its results. These exhibitions have been recognized for many years as being the foremost in America. During the past year they included :

An Exhibition of Water Colors composed of 678 examples, representing 199 different artists ;

An Exhibition of Miniatures composed of 138 examples, representing 75 different artists, and including also examples of foreign miniaturists ;

An Exhibition of Architecture by the T-Square Club of Philadelphia and the Philadelphia Chapter of the American Institute of Architects, composed of 580 items, and representing 117 architects ; and finally,

The Academy's 106th Annual Exhibition of Oil Paintings and Sculpture, composed of 375 paintings and 148 sculptures, and representing a total of 303 artists. This Exhibition was opened to public view for seven weeks and visited by 58,335 people.

**The Academy is equipped in every way to teach the technique of Painting and Sculpture.**

The instruction it affords is fully equal from a technical standpoint to that obtainable in Europe. Its Faculty, collections, galleries, class-rooms, and equipment of models and casts are admirably fitted for their purpose.

### TRAVELLING SCHOLARSHIPS

As far as instruction is concerned there is no necessity whatever for the student to leave America, but, by the liberal provision of the wills of Emlen Cresson and Priscilla P., his wife, a fund has been created, as a memorial to their deceased son, William Emlen Cresson, Academician, the income of which is to be applied by the Academy in sending its most meritorious students to Europe.

EXHIBITION OF PAINTINGS BY COMPETITORS FOR CRESSON TRAVELLING SCHOLARSHIPS

The income is divided into scholarships of \$500 each, awarded to the students impartially upon the merits of their work.

During the last year twenty-one students were awarded \$500 each and sent abroad for a period of four months, from June to September inclusive, thereby enabling them to return to the Academy during the fall and continue their studies.

### OTHER PRIZES

Besides the Cresson scholarships, other substantial prizes are offered to students as hereafter stated, and every incentive held out to them to develop their talents to the uttermost.

The Academy building is located in the heart of Philadelphia, within one square of the City Hall and within two or three blocks of the central city railroad depots. While it is convenient to the business portion of the city, it is also readily accessible to the residential districts, and students can obtain good board at reasonable rates. Philadelphia is often called "The City of Homes," and of all the greater American cities it is probably the most worthy of the name. Houses can be purchased or rented upon easy terms, and apartments and studios obtained by the year or by the month upon fair and reasonable rates. The cost of living is low.

The city contains, in addition to the Academy's gallery, a number of notable collections of paintings which are accessible to students. Among the more important may be mentioned: The Wiltach Collection in Fairmount Park; The Lankenau Collection at the Drexel Institute; the historical paintings of the Historical Society of Pennsylvania, and of Independence Hall; the collections of John G. Johnson, of Peter A. B. Widener, and of the late William L. Elkins.

## THE COURSES OF INSTRUCTION DEPARTMENT OF DRAWING AND PAINTING

The Courses of Instruction are divided into Departments of Drawing and Painting; of Sculpture; and of Illustration. In each of these departments there is certain prescribed work which must be done, but the departments are closely allied, the advanced students in each being not only allowed but also recommended to work in the others.

The general method of instruction is by criticism of the work done, but the individuality of the student is not repressed by fixed methods.

The aim is to help the student to observe accurately and record truthfully what he sees, and as he sees it.

### ANTIQUE COURSE

In order that students who have had little or no training in drawing may pursue their studies under the easiest conditions and advance naturally to higher work, a preparatory Antique Course is conducted, which includes drawing from the cast, draw-

#### The Fee for the Life and Head Course

The fee for the Life and Head Course is \$50 per term, the payment of which fee entitles the student to work in the Antique Course, the Life Course, and the Classes in Sculpture, without extra charge. Students in drawing and painting are recommended to do a certain amount of modelling.

## SPECIAL CLASSES

### Costume Sketch Class

A Costume Sketch Class will be conducted throughout both terms. It will meet on each Saturday morning between nine o'clock and noon, and on each Tuesday night between seven and ten o'clock. Sketches from the living model are made in black and white, or in color. Members of any other class in the school may attend the Costume Sketch Class without further charge. At the close of each session the work of the students will be reviewed by the instructor, on Tuesdays by Mr. Anshutz and on Saturdays by Mr. Pearson.

The chief object of this class is to teach the student to draw readily, and grasp quickly, the whole composition shown him, as an illustration of character.

### Miss Beaux's Class

Some time during the school year, Miss Beaux will conduct a Portrait Class for members of the Life and Head Course. No extra charge is made for this class.

### Mr. Pearson's Class in Composition

The Class in Composition or Self Expression is conducted by Mr. Pearson. The aim is to encourage the student by sympathy and co-operation to express courageously and forcefully his impressions and conceptions.

No theories or formulas as to what constitute or make a work of art are attempted.

The Class is in fact a company of young artists each doing that which is native to himself, and meeting from week to week to exhibit its work for comparison and open discussion.

**Mural Decoration** is given especial attention in the Composition Class. A subject with definite requirements is offered every other week, and whenever possible, students are given an opportunity to decorate a wall space.

### Dr. McClellan's Lectures on Anatomy

The Lectures on Anatomy begin in the second week of November, and are open to students of any course without extra charge. They are illustrated with the stereopticon, with drawings made in the presence of the class by the instructor, and also by means of the living model. They fully cover the subject of artistic anatomy.

## DEPARTMENT OF SCULPTURE

The Classes in sculpture will be under the direction of Mr. Charles Grafty, and are as follows: For men every morning; for women every afternoon; and for men every Tuesday, Thursday, and Saturday night.

SCULPTURE, STUDENTS' EXHIBITION

The work of the Classes in sculpture consists of modelling from the living model, generally in the round, but occasionally in relief, and from both the full-length figure and the head only.

In addition to the work from life, each student is required to present two sketch-models of sculptural themes, when directed by the Instructor. On these the student will receive individual monthly criticism throughout the balance of the school-year, in order to develop the original themes to their fullest extent, as if the subjects were to be finally executed in full size.

### Requirements for Admission

Specimens of modelling of sufficient merit are required for admission to these classes.

Beatrice Lenton

SCULPTURE (LIFE), 1911

life classes, they are immediately promoted without the payment of any further fee.

Some practical knowledge of the use of clay and a true conception of form in the round are of manifest advantage to both painter and illustrator.

Students in sculpture are permitted to work in the drawing and painting classes and recommended to work therein, but admission to the life drawing classes is, for sculptors, subject to the same requirements as for painters.

The Night Class meets from 7 to 10 p.m. The work in this class is identical with that done in the Day Classes except that the working hours are less.

#### The Fees for Sculpture Classes

The fee for the Classes in Sculpture is \$50 per term. Students are allowed to work in the Day Classes or Night Classes or in both without further charge.

## DEPARTMENT OF ILLUSTRATION

The Class in Illustration will be under the direction of Mr. Henry McCarter. Its purpose is to provide for the student such practical instruction as will enable him upon the completion of the course to immediately enter the professional field of magazine and book illustrating, decorative and newspaper work. Instruction is given in drawing, in composition, and in the technique of all mediums—pen, charcoal, black and white, tempera and oil.

### Requirements for Admission

Students must have had some preparatory work in drawing to be eligible for admission.

Students are admitted upon the exhibition of satisfactory work to the Faculty.

The Class in Illustration will meet daily throughout the school year. Special rooms are set aside for their use.

The class draws from the living model. Individual criticism is given with special regard to the illustrator's requirements, and completed illustrations are made to subjects assigned to the class. Upon the announcement of each of these subjects a general class talk follows, and upon the completion of the work there is both individual and general criticism.

In addition to the regular class work Lectures are given during the year by practical specialists upon the various processes of reproduction for the purpose of printing, and students are instructed to work with the particular process in view which is to be employed to print their illustration.

Students in Illustration are permitted to compete for the Cresson Travelling Scholarships, and from those who do compete a certain amount of work in the Life Classes is required. Admission to the life drawing classes is subject, however, to the same requirements from illustrators as from painters.

Katherine Southwick

ILLUSTRATION CLASS, 1911

The successful result of the general art training given in the Academy Schools, and the special training they give in illustration, are shown by the large number of Academy students who have achieved distinguished success in the field of illustration.

#### The Fee for the Illustration Class

The fee for the Class in Illustration is \$50 per term.

Illustrators will be required to present each month work done in the Illustration Class and to participate in such *Concours* and examinations as may be announced during the season. Under the direction of their Instructor, they are also required to do life-class work in drawing and are entitled to attend the Life Classes and the Still-Life Classes without extra charge. They are likewise entitled to attend the Lectures on Composition, Perspective, and Anatomy.

## SCHOLARSHIPS AND PRIZES

### Travelling Scholarships

By the wills of Emlen Cresson and Priscilla P. Cresson, a Fund has been created as a Memorial to their deceased son, William Emlen Cresson, Academician, the income of which is to be applied by The Pennsylvania Academy of the Fine Arts in sending pupils of merit to Europe.

During the past year the Academy sent abroad twenty-one pupils. There were 14 painters, 1 sculptor and 6 illustrators.

The awards are divided among the various branches of instruction taught in the Schools, based upon the *number* of pupils in each Course as one factor, and the *standard* of the work as another factor. The award consists of \$500 to each student, to be expended in foreign travel and work, within the limits of the Scholarship.

It is the intention of the Cresson Scholarships to give to the students of the Academy the advantage of seeing some of the important Galleries and Art Schools abroad, and the Academy desires to extend the benefit of the Scholarships to as many students as possible, provided they possess the necessary merit. The trip abroad is limited to the summer vacation, a period of four months, from June to September inclusive, so that students can return to the Academy for study during the ensuing school year. The Board of Directors, upon the recommendation of the Committee on Instruction, may, in case of exceptional merit, permit a student to compete for the Cresson Scholarships again, or lengthen the term to be allowed in foreign travel.

During the past year four students were sent abroad for the *second* time.

No student will be awarded a Cresson Scholarship who has not studied at least two years in the Academy in the regular course in Drawing and Painting, or in Sculpture, or in Illustration.

### Plan of the Competition

*The work required each month in the Academy Schools from students in Painting, Sculpture, and Illustration, will be the principal factor in determining the award of these Scholarships. Candidates failing to submit such work will be ineligible.*

FIRST TOPPAN PRIZE, 1911

Nancy M. Ferguson

Painters will be required to present work each month in Composition, in drawing or painting from the Figure, in drawing or painting from the Head, and to participate in such *Concours* and examinations as may be announced during the season.

Sculptors will be required to present each month work done in the Life Modelling Class. They are required to participate in such *Concours* and examinations as may be announced during the season.

Illustrators will be required to present each month work done in the Illustration Class. They are required to participate in such *Concours* and examinations as may be announced during the season.

### THE CHARLES TOPPAN PRIZES

The Charles Toppan prizes for the year 1911-1912 will be, respectively, \$300 and \$200, and two honorable mentions of \$100 each.

These prizes were established in 1881 by the gift of Mrs. Charles Toppan, Miss Harriette R. Toppan, and Mr. Robert N. Toppan.

The prizes will be awarded only to students who have previously received a Cresson Scholarship and who have been in regular attendance during the year of competition.

Any student having received one Toppan prize is debarred from afterwards receiving another Toppan prize of the same or lower value.

The work submitted must be original paintings, the unaided work of the student without criticism, and all work in competition must be presented on or before Saturday, April 29, 1911.

The subject selected for this year is "an out-of-door picture including representation of water and one or more figures." No student may submit more than one picture and the size of the canvas submitted must not be less than twelve inches nor more than thirty-six inches in either dimension.

According to the positively expressed terms of the gift the *drawing* of the pictures will receive the first attention of the Judges. Pictures receiving awards will become the property of the Academy.

Pictures shall be numbered by the Curator, and a memorandum of the number and artist's name kept in a sealed envelope (no list of numbers being kept), which shall be opened after the prize-winning pictures have been selected by the Committee on Instruction. No signatures or ciphers shall be placed on canvas or stretcher,

so that as far as possible the identity of the competitors shall be kept secret while the competition is under way.

No work will be accepted without the approval of the Committee on Instruction, and there is no obligation to award a prize if, in the opinion of the Committee, none of the works submitted is of sufficient merit.

### THE THOURON PRIZES

The following awards, founded by Henry J. Thouron, a former Instructor in Composition in the Academy Schools, will be made at the close of each school year, the terms of said awards being as follows :

A prize of \$50 for a group of not less than three compositions upon subjects given to the class during the current season, and a prize of \$25 for a second similar group, the first to be decided by the Faculty, the second by a vote of the students then working in the Schools; and one of \$50 and one of \$25, the first for general progress in study, the second for the work showing, in its treatment of said subjects, the most poetic, or abstract, or idealistic, point of view, both to be decided by the instructor of the class. The same awards are not to be made twice to the same student.

In the event of not making the annual awards, or any portion of them, the money is to accumulate until it shall amount to the sum of \$500, when it shall be awarded, by vote of the Faculty, as the result of a competition in Composition upon a given subject, to the successful student for a three months' summer trip abroad, to include certain specified places and galleries, and for the special study of Composition.

### THE EDMUND STEWARDSON PRIZE

The Edmund Stewardson Prize of One Hundred Dollars, in the Department of Sculpture, will be awarded for the eleventh time at the close of the school year.

This is an annual prize, to be competed for by present students of the Academy with such pupils of other art schools as may be approved by the Committee on Instruction. Having once received this award, a student becomes ineligible.

The subject for the competition shall be a full-length figure from the Antique or Life, either in the round or in relief, and will be announced by the Committee on Instruction on the first day of the Competition.

Studies shall not be less than two feet six inches in height and not more than three feet in height, and shall be made within

Blum H. Rosenbaum

RAMBORGER PRIZE DRAWING, 1911

eighteen hours, during three consecutive days, in six sessions of three hours each.

Each competitor shall privately draw by lot a number, and shall enclose the same with his or her name in a sealed envelope to the Secretary of the Academy. Upon completion of the work the competitor shall place a corresponding number upon the study submitted to the Jury of Award. When the subject is in high relief, position in the competition room shall be determined by lot. No one except the competitors shall be admitted to the competition room at any time during the days of the competition, nor shall any person except the Judges be present during inspection of the studies.

The Judges or Jury of Award shall be three professional sculptors, having no official connection with the Academy, or school or schools whose pupils may have taken part in the competition. When the successful number shall have been announced by the Judges, the Secretary shall, in the presence of one or more of the Directors of the Academy, open the sealed envelopes, and declare the name of the successful competitor. If no study be satisfactory to the Judges, the prize may, in their discretion, be withheld, and when no award is made, the amount of the prize may, in the discretion of the Board of Directors of the Academy, be added to the principal of the prize fund, or distributed with future prizes.

The clay models offered in competition must be kept standing in good condition until otherwise ordered, and figures cast by the Academy become its property.

The competition for the year 1912 will take place on March 18, 19, and 20.

### ZOOLOGICAL PRIZES

From the income of the John H. Packard Fund established by the children of the late John H. Packard, M.D., for many years chairman of the Academy's Committee on Instruction, annual prizes of \$30 and \$20 will be awarded for the best and second groups of original studies made from living animals. These prizes are open to all students of the Academy.

### THE PRIZE IN DRAWING

From the income of a fund established by William K. Ramborger, Esq., as a memorial to his sister, Aspasia Eckert Ramborger, who for some years was a student of the Academy, an Annual Prize of \$25 will be awarded for the best drawing in black and white of a head from life by a pupil of the Academy who has not been under instruction over two years.

At 6.45 o'clock p.m. the Cherry Street entrance will be opened for the evening classes, which continue until 10 o'clock p.m.

### Holidays

The Schools are closed on Sundays, Thanksgiving Day, Christmas Day, New Year's Day, and Washington's Birthday. During Christmas week the Schools are open, but living models are not hired, nor are criticisms given.

### Visitors

The school-rooms are open for the inspection of visitors on Wednesday and Friday afternoons, from four until five o'clock.

Students will not be called from the class-room unless in the judgment of the Curator the matter is of urgent importance.

Students at work must not be disturbed.

No one will be permitted to remain in any of the class-rooms during study hours except the regular members of the class who are doing the special work of that class.

*Students are expected to be self-governing, and to know and obey the rules of the School from principles of honor.*

*Violation of the rules will result in suspension or dismissal from the School.*

Any conduct unbecoming a student is a violation of the rules, but subject to this general provision the students are allowed every reasonable liberty.

The property of other students must not be used without the owner's knowledge and consent.

### Monitors

It shall be the duty of the monitor to maintain order and, if necessary, to report to the Curator any interference with the work of the class.

Raymond Theel

PAINTING (STILL LIFE), 1911

Monitors shall see that the class-rooms are kept properly lighted and ventilated.

The monitor of each class shall have charge of the model and of the class-room during the session.

#### Life Classes

Regular members only of the Life Classes are permitted in the Life Class rooms during the study hours.

Members of Life Classes must under no circumstances speak to models who are posing.

#### Positions in the Class-rooms

Students who are not present at the hour when classes begin must take their positions in order of arrival. No student will be permitted to select and reserve a position for one who is absent.

#### Monthly Review of Work

*Students are expected to submit at monthly intervals the work done in all classes during that month.* The studies thus collected will be classified and put up for exhibition in the class-rooms. There will be at the same time a general review of the work of each class by the respective instructor. A record of the work so exhibited will be kept for use in determining the standing of students at the end of the season, and for awarding prizes or scholarships. *Studies cannot be recorded or accepted for exhibition unless presented at the Curator's desk within the following time limits:*

*For a morning review, 2.00 p. m. of the previous day.*

*For an afternoon review, 9.30 a. m. of the same day.*

*For an evening review, 12.00 noon, of the same day.*

*Students failing to exhibit their work without presenting a reasonable excuse will be ineligible for the Cresson Scholarship competition.* Drawings will not be accepted when rolled or when not carefully "fixed." Paintings must be thoroughly dry, and all work must be signed with the student's full name and the name of the class in which the work was done. The studies marked by the instructor are reserved by the Academy; to prevent loss, the others should be reclaimed at the close of the criticism.

#### Care of Drawings and Materials

Work reserved by the various instructors should be reclaimed at the close of the Students' Spring Exhibition. Studies not called for by the beginning of the fall term will be destroyed.

Locker rent, one dollar PER TERM.

*Occupants of lockers will be held responsible for damage done to same while in their possession.*

Students are cautioned not to leave personal property of any description about the school-rooms, as the Academy will in no case be responsible for the loss of articles from the rooms or lockers. All personal property should be marked with the owner's name.

The lockers are large steel closets fitted with combination locks, and students are expected to keep them closed.

Students will not be permitted to leave canvases, drawing-boards, or other materials about the school-rooms, but must place them, when not in use, in the racks especially provided for the purpose.

#### Moving of Casts, etc.

*Students must not move the casts, except those in the Antique Modelling Room. Any change desired in the position of casts or other objects must be authorized by an instructor or the Curator, and carried out under his direction.*

*The monitor in charge shall superintend and approve all arrangements of still-life objects, but students desirous of having any particular subject arranged may do so by reporting to the monitor, on Monday mornings only.*

#### Plaster Casting

Casting in plaster will not be permitted in any of the school-rooms. A special room will be assigned for this work upon application to the Curator.

## APPLICATION FOR ADMISSION TO THE SCHOOL

All applications for admission and for promotion to higher classes will be acted upon by the Faculty, with the concurrence of the Committee on Instruction, at the regular meetings held on the Thursday before the first Monday of each month, excepting the months of June, July, and August. Students may enter the Schools or be promoted to higher classes at any time during the season, but all admissions and promotions are on probation and subject to reconsideration at the discretion of the Faculty. Before making any application for transfer from one class to another, students must have approval of such application from the instructor of the class in which they are working.

All applications must be on file the day before the meeting of the Faculty.

It is an imperative rule that all work submitted for examination for any purpose must be signed, otherwise it will not be considered.

To avoid loss, studies must be reclaimed promptly after examination.

### Partial Course

Students desiring partial courses, including one or more of the above classes, will be required to make a special application to the Faculty and Committee on Instruction; but in this case they will not be entitled to the privileges accorded to those taking the full course.

All students in any course who have not previously been students of the Academy will be required to pay the Academy's matriculation fee of \$5.

A student's ticket entitles the holder during attendance at the Schools to the use of the Galleries, Special Exhibitions, the Library, the Print Collection, and the Lectures given from time to time under the auspices of the Academy.

Payments must be made, strictly in advance, to the Curator.

NO ALLOWANCE WHATEVER WILL BE MADE ON ACCOUNT OF ABSENCE.

Nancy M. Ferguson

PAINTING (PORTRAIT), 1911

Assistance in securing board or rooms will be given upon request. The cost of living in Philadelphia is not high, and suitable accommodations within reasonable distance of the Academy are readily obtainable, for both men and women.

Blank forms of application and any further information regarding the Schools may be obtained by addressing

CHARLES F. RAMSEY,  
Curator.

BROAD STREET, ABOVE ARCH,  
PHILADELPHIA.

To the students in the Schools the Academy's Reference Library and Galleries are free.

The permanent collection of paintings and sculpture, including the Gallery of National Portraiture, the Temple Collection of Modern American Paintings, and the Gibson Collection, largely made up of works of the Continental Schools, is of great value as an assistance to study.

Copying in the Galleries is permitted under reasonable regulations.

Students are also given free access to the many current exhibitions which the Academy holds each year. These, and especially the Annual Exhibition of Oil Paintings and Sculpture, are a source of inspiration and a valuable index to the trend of artistic thought.

As a temporary home for the Art Student Philadelphia has unique advantages. Known as the "City of Homes," it affords good living at a lower cost than is possible in any other large city in the East.

In historical interest it is rich, and its suburbs, easy of access, offer unusual chance for out-of-door work. Opportunities for general culture are varied and the Academy is fortunately able to secure special rates for its students to many of the lectures and concerts given each season.

The Academy itself is centrally located and within short walking distance from it are good boarding-places. The two principal railroad stations are each within five minutes' walk.

Recognizing that a comfortable living place is an aid to serious study the management invites correspondence with students from a distance and offers freely its information and aid.
