

JOHN W. RHODEN
SCULPTOR

Copy

April 30th, 1972

Mr. Leonard J. Burney
Office of Professional Contracts
Department of Public Works
City of New York

RE: HO-145, BELLEVUE HOSPITAL
AGREEMENT FOR SCULPTURE
FOR PERUSAL

Dear Sir,

Many thanks for your letter and the enclosed contract for the abovementioned project.

There are several changes that I believe should be made in the contract before it is submitted for signature, as follows:

- A. ~~Let it be~~ understood by all parties that the nine months for execution and completion of delivery and erection, shall begin on the day that the contract, signed by all those persons involved, is received by the Sculptor, John W. Rhoden. This necessitates a change in the date of Sept. 15th as stated in the contract, because of a need of six months for the foundry work.
- B. Date for approval of the 1/6 scale model by the Art Commission shall be May 15th, 1972.

I hope these changes can be made without further delay, as time seems to be of the essence.

Sincerely,

cc: Messers: Murphy, Brunjes, ^{John W. Rhoden} ~~Grasso~~

Pagnotta, Rutkin, Dennis C. Wilcox
