Dear John:

The new posters were very much appreciated and added very much to the initiation of the special information activity. We had representatives from 11 bureaus prepared to answer questions from the public. Our publications display attracted attention and quite a few copies of publications were distributed.

If you will send me a copy of your bill for supplies that you mentioned before, we will put it through for reimbursement.

Many thanks for helping us make our deadline and for the fine job you did.

Cordially yours,

ELLIS MOTTI, Coordinator
School-Community Relations
