RE: Agreement for Work of Art  
NEW YORK STATE HARLES  
Office Building

Dear Mr. Huggard,

Many thanks for your letter of March 31st with regard to the abovementioned project.

I am very much interested in participating in the Harles Office Building Competition; however, I believe that your division should review the Contract that I sent back to you with revisions, with the view of making it more equitable to the Artist.

I will appreciate it very much if you will forward to me a Contract that I can sign.

Sincerely,

John W. Rhoden
