955 Park Square Building
Boston 16, Mass.

Dear Mr. Dean,

Many thanks for your prompt delivery of the blueprints for the staircase of the Philadelphia-Sheraton Hotel.

I am working on the drawing on 1 1/2 scale, another drawing showing a section full-size; also, I am making a working drawing and model for the three chandeliers. In doing these, I am ^{to be & done} taking into consideration all of the technical problems that may be involved in the installation. Sometime next week I hope to have the working models ready for your approval.

Many thanks again.

Sincerely,

JOHN BRIDEN
