Gentlemen:

As a token of our appreciation for the hospitality shown us during our visit to the Soviet Union, and in particular to your group in Moscow, the four artists of the United States (Franklin Watkins, William A. Smith, John Rhoden, and Lamar Dodd) wish to send to you, for the use of the members of your Union, some publications on American art.

If you will be kind enough to give me any specific mailing address which may be needed for this purpose, within the coming weeks I hope to be able to make shipment from Athens, Georgia, U. S. A.

In closing, may I again express to you our gratitude for the courtesies shown us during our visit to your city.

Sincerely yours,

Lamar Dodd, Head
