Mr. Robert C. Dean
Perry, Shaw, Hepburn and Dean
Architects
955 Square Building
Boston 16, Mass.

July 6th, 1956

Dear Mr. Dean,

Now that my model for the screen of Stairway #9 is completed, I believe it might prove helpful if the interior representative be among those of your office who ~~might~~ come to see the model, as it occurs to me that this viewing by those responsible for the interior as to use of materials and color in the evaluation of the full scope of the work involved. Also there may be additional technical questions such as lighting and other refinements discussion ~~which might make for~~ *which* ~~might make for~~ at this stage of the game might make for greater satisfaction as to the final outcome.

Many thanks to you for your prompt action as to the initial ~~xxxx~~ payment of \$2,000,000 from McCloskey & Co., however, I am not yet in receipt of the contract that they were to have sent me some time back. Hoping that you might remind them of this at your convenience.

Sincerely,
