Dear Mr. Rhoden:

We, the staff of the Young Adult Services Division of the Martin Luther King Memorial Library thank you for your contributions to the learning stations that were created for Black History Month. Your participation in this successful endeavor has exposed our young adult patrons to numerous achievements that have been made by Black people. Therefore, we have decided to extend this activity throughout the remainder of the school year, thereby providing them with an abundance of interesting and useful information.

Again, we sincerely thank you for your generosity, interest, and support. Your accomplishments continue to inspire and motivate many young people who aspire to emulate your accomplishments.

Sincerely yours,

Arie D. Johnson, Reader's Advisor  
Young Adult Services Division
