HISTORY AND INTRODUCTION

THE HISTORY

The Pennsylvania Academy of the Fine Arts is the oldest art institution in the United States. Throughout its history, the best artists in America have been trained in its school and the best of their art has been shown on its walls. However, in the Colonies, and later in the new Republic, there were no academies or schools where an American artist could receive professional training. To start such a school was the dream of the painter Charles Willson Peale, who rode with George Washington during the Revolution, painted the General many times, and who started "Peale's Museum" in 1786. But Peale always wanted a proper Art Academy and made several attempts before the Pennsylvania Academy was founded in 1805.

In 1791 he founded the first "draw-

ing school", and in 1803 he wrote to his friend Thomas Jefferson of his hopes to establish "an Academy for the encouragement of the fine arts." His dream materialized, and his drawing school matured into the Pennsylvania Academy of the Fine Arts. The application for its Charter in 1805 states in part, "The OBJECT of this association is to promote the cultivation of the FINE ARTS in the United States of America.... And otherwise assisting the studies and exciting the efforts of the artist gradually to unfold, enlighten and invigorate the talents of our countrymen." The Academy received its Charter in 1806, and by 1810 regular classes were scheduled.

Students did not pay tuition, and instructors served voluntarily. George Clymer, the Academy's first President was a signer of the Declaration

of Independence and the fledgling organization included William Rush, Thomas Sully and Rembrandt Peale. Several important artists strengthened the school's middle years. John Sartain, the great mezzotint engraver, a director of the Academy, and Christian Schussele were leading spirits. America's greatest 19th Century artist, Thomas Eakins, began teaching in 1876, and became Director of the School in 1882.

In 1876 the Academy's Board noted with pride that in their opinion the school had no superior in any country. The Academy has been the initial training ground of many important American artists: Mary Cassatt, Thomas Eakins, Edwin Austin Abbey, and William Michael Harnett. Aspiring students came first to study with Christian Schussele then with Thomas Eakins and later with

Thomas Hovenden and Thomas Anshutz. In the early 1900's, there were William Merritt Chase, Cecilia Beaux, Henry O. Tanner, Emil Carlsen, Robert Vonnoh, Charles Grafly, Joseph DeCamp and Henry Thouron.

The students of the early 20th Century years often acknowledged with deep affection and respect their appreciation of the Academy school: Robert Henri, William Glackens, George Luks, John Sloan, A. Sterling Calder, John Marin, Everett Shinn, Charles Sheeler, Morton Shamberg, Charles Demuth, Henry McCarter and Arthur B. Carles who, along with Sheeler and Demuth, is one of America's outstanding Twentieth Century Modernists. Many well-known artists, students and teachers including Hugh H. Breckenridge, Daniel Garber, Albert Laessle, Ed-

ward Redfield, George Harding, Walter Steumpfig, Harry Rosin, Hobson Pittman, and Franklin Watkins precede the outstanding group of artists who comprise the present faculty of the Academy School.

The Pennsylvania Academy is unique in its tradition of regenerative process wherein each generation of artists teaching and exhibiting at the Academy shares its experience and expertise with the next succeeding generation, creating an unbroken line of excellence that stretches from Charles Willson Peale to the present. The school is housed in a marvelous, eclectic Victorian building designed by the great Philadelphia architect Frank Furness and dedicated in the centennial year of 1876. Refurbished and restored, the building reopened in the bicentennial year on April 22, 1976, after a two-year multi-million

dollar restoration. The Academy building itself is a work of art. Its light and airy space and incomparable studios are imbued to the very foundation with the creative spirit.

In 1962 the Academy purchased the Belgravia Hotel, 1811 Chestnut Street, named it after our founder "The Peale House" and transformed this charming example of late 19th century Victorian Baroque architecture into studios and offices to serve an expanding student enrollment. The Peale galleries were created to show work by young artists of promise and to augment the exhibitions held at the Academy's galleries in the Furness building.

The Academy's collection, started with a boatload of casts of antique sculpture chosen from Napoleon's collection by Philadelphia's Nicholas Biddle and Napoleon's sculptor

Jean-Antoine Houdon, was meant in the beginning to be a teaching tool, but has grown to prominence as one of the nation's great collections of American Art, the keystone of a major museum.

This then is the Academy; school, collection and the buildings that house them, creating, collecting and exhibiting contemporary art for 170 years, and adhering still to the purpose of the original charter.

LOCATION

The school is located in the very heart of Philadelphia and has ready access to all public transportation serving the city. Every important museum, gallery, library, church, theater, music hall and college or university is convenient to the Academy, and the Academy studios are easily reached by the student who might live some

distance. The main building, first occupied in 1876, was designed for the Academy by Frank Furness, and is a nationally known architectural landmark.

THE ACADEMY GALLERIES

The Academy has a unique permanent collection of American paintings, sculpture and prints that affords the student an opportunity for direct study of important works of art.

The exhibitions held by the Academy bring to the student various movements and currents of contemporary American art.

Special shows are held in the Galleries throughout the winter season, and in the spring the works submitted by students in competition for the many traveling scholarships and prizes are on exhibition. Additional special exhibitions are staged in the Peale

House Galleries and continue the tradition of showing predominately American art, with an emphasis on contemporary work.

FACILITIES OF THE SCHOOL

The main building was designed to make the best use of natural lighting. The major studios are ample, with high ceilings and north light. These are augmented by smaller studios and areas designated for general criticism. The majority of classes for first year students are held at Peale House, 1811 Chestnut St. These studios are equipped to fit the Preliminary courses of study, as well as to provide facilities for Graphics majors and private studio space. The Graphics Department has facilities for working in lithography, silk screen and etching processes. The School has an excellent etching and lithographic press;

and all basic silk screen techniques, including photographic processes are taught. There is a darkroom provided for printing photographic stencils and plates. All interested students may use the darkroom equipment.

The Academy Library provides students with a thorough survey of the history of art, as well as materials to stimulate individual inspiration. The collection includes a clipping file, a biographical file of artists, books, magazines, exhibition catalogs and color reproductions.

Art materials are available in stores run by the Academy on the premises.

The Academy also sponsors field trips to various artistic points of interest. In the past these have included visits to museums and galleries in New York and Washington, and painting expeditions to seashore

and wooded areas near Philadelphia for students interested in landscape.

REGULATIONS & REGISTRATION

The Academy realizes that maximum

freedom fosters creative effort and permits unusual devotion to the artist's self-discipline. The minimal regulations will not interfere with artistic effort and in fact are found to aid in that effort. Therefore these regulations are to be met for the student to be eligible for promotion, individual studio privileges, scholarships, prizes and travel awards. Furthermore those students who desire to apply the credit for studio work done at the Academy toward an Academic degree must have a complete record of registration as well as a Faculty evaluation of the quality of the work. This record will constitute a proper transcript for the Academic University or College.

Registration requirements are satisfied when each student has registered one piece of work each month with each of the artists assigned to

him. Sculpture students are required to register one figure, one head, one sculpture done without a model and five drawings each month.

FREE TUITION SCHOLARSHIPS

A number of partial scholarships are available annually to graduates of the city high schools and vocational-technical schools through the Board of Public Education of the City of Philadelphia.

Students already enrolled at the Academy for two semesters, in good standing and enrolled at the time of application, may apply to the Academy for free full or half tuition scholarships. Applicants must complete the official forms and submit them with three works to the Faculty at the March meeting. College Scholarship Service Reports are also required. Approximately twenty-five

scholarships are available and will be awarded on the recommendation of the Committee on Instruction and the Academy Faculty. Preference is given to students of merit who otherwise would be unable to pursue their study of art.

These free tuition scholarships have been made possible by gifts from Academy friends:

THE JOHN LAMBERT SCHOLARSHIPS.

THE ELEANOR S. GRAY MEMORIAL FUND.

In memory of his wife, Eleanor S. Gray, J. Maurice Gray established the ELEANOR S. GRAY MEMORIAL FUND in 1967. Four half tuition scholarships were awarded in the school year of 1975-1976.

In an effort to spread the free tuition scholarships to cover the needs to the fullest possible extent, it is within the province of the Faculty to recommend a number of half scholarships. Full free tuition scholarship recipients are required to work for the school an assigned thirty hour period, during the holding of that year's scholarship, and half scholarship students a fifteen hour period. These obligations may be fulfilled by posing in the portrait studio or by completing other work designated by the school.

A student must maintain an average of B- or better in order to hold a scholarship.

The Academy encourages students from foreign countries by offering a tuition scholarship for their first year only. These are awarded by a committee of the Faculty as a result of

their evaluation of the students portfolio. Foreign students who are accepted must present solid evidence of sufficient funds to enable them to pay their living and other expenses.

GENERAL INFORMATION

FACULTY ENRICHMENT

The Ford Foundation has approved a grant of \$50,000.00 to the Pennsylvania Academy of the Fine Arts to establish a permanent endowment for faculty enrichment in the studio arts. The grant was made on the condition that the Academy provide \$150,000.00 in matching funds. The Academy envisions the initial endowment of \$200,000.00 as the first step in establishing an effective ongoing sabbatical and visiting artist program that will benefit both students and faculty.

The Academy gratefully acknowledges the support of the following who have generously contributed to the endowment.

ACADEMY RESIDENCE

The School provides residence accommodations for a limited number of its women students. New applicants for entrance into the School should indicate in their earliest correspondence any interest in such housing. A deposit of \$50.00 is required for room reservations. Additional information on types of accommodations may be obtained from the Dean's Office. No single accommodations are available.

VETERANS

The P.A.F.A. is approved for veterans education under the provisions of Title 38 U.S. Code Section 1776 and the Veterans Administration Regulation 14251E. Students enrolled under provision of Title 38 U.S. Code for Veterans Education are governed by the following:

Unsatisfactory Progress Students receiving failing grades are placed on probation for sixty days. If unsatisfactory progress continues beyond the probationary period, the student's training will be immediately interrupted and all concerned will be notified accordingly. Students dismissed because of unsatisfactory progress may apply for re-entrance; however, each case will be considered on the basis of the facts involved.

Refund Policy In the event a war orphan or eligible person fails to enter

the course, or withdraws or is discontinued therefrom at any time prior to completion, the amount charged to the veteran for tuition, fees, and other charges for a portion of the course shall not exceed the approximate pro rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course bears to its total length.

Credit for Previous Education and Training Appropriate credit is given for comparable previous education and training, and the training period will be shortened accordingly.

MEDICAL CERTIFICATION

All students must file with the School prior to the opening day of the School Terms in September and January, a certificate of Good Health, attested to by the student's family doctor or

other recognized physician. Failure to file this certificate, will result in nonregistration of the student until the attested certificate is filed.

STUDENT AID FUND

In August 1971 a group of friends and fellow students established a fund for student aid. "The James E. Brewton Student Aid Fund" originally created by the proceeds from the sale of this artist's paintings is the expression of their love and respect for him and his expressed concern for the Academy students. The Student Aid Funds provide short term loans. Students may apply in the Dean's Office.

FOUR YEAR CERTIFICATE

The Pennsylvania Academy of the Fine Arts grants its Certificate to students who have satisfactorily com-

pleted four years of study in the Academy Schools, or the equivalent according to the Academy requirements. Only students whose records are complete according to the final decision of the School Administration, are eligible for these Certificates. By special arrangement work done in the Evening or Summer schools may be credited.

TRANSFER CREDIT

A maximum of two years of studio credits (48) may be accepted toward the Academy's four year Certificate. No transfer credits are acceptable toward the requirements for the Cresson, Schiedt or Ware Scholarships.

BACHELOR OF FINE ARTS DEGREE

Because the Academy is devoted exclusively to the study of the Fine Arts

it is not a degree granting institution. "The Philadelphia College of Art recognizes attainment of the Academy's certificate as satisfying the studio credit requirements for its Bachelor of Fine Arts degree. With Academy endorsement based upon high school graduation and a secondary school transcript judged creditable by the Academy, a student may register in liberal arts at PCA any time after beginning Academy enrollment. The BFA degree-credit candidate will be considered to have fulfilled PCA's studio requirements upon receipt of the Academy's certificate. The candidate may begin to earn the required 45 liberal arts credits* in any semester during his four-year studio program or after being awarded the Academy's certificate. Subject to Academy requirements, he may register for any number of liberal arts

credits per semester. Upon submission of an official transcript of prior liberal arts study, he may be awarded a maximum 12 transfer credits toward PCA's requirements for the BFA degree.

The Philadelphia College of Art is located at Broad and Pine Streets within walking distance of the Academy. The schedule of classes is designed to permit maximum use of studio hours.

COURSE DESCRIPTIONS

PRELIMINARY DIVISION

Students entering the Academy for the first time are admitted to the Preliminary studios. Only upon special recommendation of the Admissions Committee may new students be admitted to the advanced studios. The Preliminary discipline enables the student to survey the fundamentals of Drawing, Painting, Sculpture and Graphics.

The Preliminary studio schedule is as follows:

Life Painting—6 hours per week, painting from the life model.

Painting Studio—6 hours per week with emphasis on design, color, texture and composition.

Drawing—9 hours per week divided between cast drawing and drawing from the life model.

Graphics—6 hours per week—the study of the major techniques of print

making and their use in creative work.

Clay Modeling—3 hours per week—instruction in modeling from life and portrait models. Three dimensional design.

Perspective and Lettering—1 hour per week—this instruction is a prerequisite for students who will enter the advanced division in Painting or Graphics.

Materials and Techniques—1 hour per week—this instruction is a prerequisite for students who will enter the advanced division in Painting or Graphics.

History of Art—1 hour per week—this illustrated lecture course is a prerequisite for promotions from the preliminary studios and is presented from the standpoint of the practicing artist rather than the art historian.

Anatomy—This series of lectures is an elective and is presented as an aid to

the student artist and as a supplement to his studio work.

At the conclusion of the second semester each Preliminary student will be admitted to the division of his choice (Painting, Graphics or Sculpture) provided his record shows a complete and satisfactory registration of work.

PAINTING DIVISION

Students electing to enter the Painting Division will be assigned studios in Drawing, Life and Portrait painting. They are encouraged to pursue special projects and to emphasize individual explorations in style, medium and content under the critical guidance of the Faculty. It is expected that students in the Painting Division will complete at least two semesters in the open studios before they apply for advanced status and assignment

to an individual studio. Upon recommendation of the Faculty Advanced Painting students may be privileged to work in individual studios. They will be required to receive criticism of work done in their studios from at least three artists of the Faculty, a minimum of once each month. These artists may also recommend the return to the painting studios if in their opinion the student is not benefited by the assignment to an individual studio.

All studio facilities and lectures are open to the use of Advanced Painting students assigned to individual studios.

GRAPHICS DIVISION

Students electing to enter the Graphics Division will select a studio in Drawing, Painting or Sculpture. The major studio assignment will be in Graphics. It is expected that stu-

dents in the Graphics Division will complete at least two semesters and have earned a semester grade in etching, lithography and silk screen before they apply for advanced status. Upon recommendation of the Faculty the Graphics student may be advanced and assigned to an individual studio.

Advanced students are required to receive criticism from at least three artists of the Faculty a minimum of once each month. These artists may also withdraw the use of the studio if in their opinion the student is not benefiting from the privilege.

All studios, facilities and lectures are open to the use of Advanced Graphics students.

SCULPTURE DIVISION

Students may enter the Sculpture Division directly upon admission to the

Academy or they may elect to enter the division upon promotion from the Preliminary Division. The Sculpture studios are devoted to clay modeling from the human figure and head. Individual projects involving wood carving, welding, stone carving, kiln firing or molding of plastic may be pursued under the supervision of an instructor. Upon recommendation of the artists of the Sculpture Faculty individual students may be given advanced status and assigned private studios where projects outside the scope of the regular studios may be pursued. The privilege of a private studio may be withdrawn if in the opinion of the Faculty the student has not benefited therefrom.

SCHOLARSHIPS AND PRIZES

THE WILLIAM EMLEN CRESSON MEMORIAL TRAVELING SCHOLARSHIPS

By the liberal provisions of the wills of Emlen Cresson and Priscilla P., his wife, a Fund has been created as a memorial to their deceased son, William Emlen Cresson, Academician, the income from which is to be applied by the Pennsylvania Academy of the Fine Arts in sending pupils of merit to Europe. These scholarships shall be awarded under such rules and regulations as shall be adopted from time to time by the Board of Directors of the Pennsylvania Academy of the Fine Arts. The award of Cresson Scholarships has had significant influence on hundreds of recipients over many years and has been a great boon to this Academy. In the Spring of 1969 the one thousandth award was made. To

emphasize the importance of these awards and to broaden the advantages to our students, and because the Fund realizes very generous income each year, the Management, through its Committee on Instruction, has established the practice of approving the recommendation of the Faculty for either first or second awards. These scholarships were first awarded in 1902.

In 1975, the award of a Cresson Traveling Scholarship credited each student with \$3,100 of which \$2,000 was used for a summer of travel and traveling expenses in Europe, and the remaining \$1,100 was used for Academy tuition for the two terms immediately following. Each year the sums may vary, as adjustments in tuition charges and traveling expenses dictate. Each recipient is required to return to the Academy for the con-

tinuance of regular studio work in an additional year as an advanced student. He is expected to help set high professional standards among our students after his return from Europe. In cases of exceptional merit, and when a very decided improvement is evident, a student may, through the same authority, receive the award a second time. Competition for a second scholarship must be entered during the year succeeding the first award, unless otherwise ruled by the Committee on Instruction on written application. The award of a Cresson Traveling Scholarship the second time credits the student with the sum established for that year to be used for travel and traveling expenses, and may be used any time within twenty-eight months after receipt of the award.

Eight Cresson Traveling Scholar-

ships were awarded in 1975. Every student in good health and without knowledge of any physical condition or any other reason to prevent accepting and properly using such scholarships is eligible for competition for Cresson Traveling Scholarships. Competitors must have an aggregate of 96 Academy Winter School weeks to their credit which must have been accumulated within five (5) years of the date of competition. The final 32 weeks (two terms) must be spent in the Winter School of the Academy and must be within the year of competition. One summer and one semester of evening school or two semesters of evening school may be allowed as equivalent of one semester by special approval of the faculty and administration.

Every student must have a complete and unbroken registration record.

Painters and Graphics Majors must also have satisfactorily completed the work in Materials and Techniques in Perspective and Art History. Sculptors must meet the requirements of the Sculpture faculty and attend the Art History lectures. All financial obligations must be fully paid.

All students entering the competition are required to complete the official application. All work submitted in competition must be that which has been done in the Academy studios or for Academy registration. It must be work completed within the last 32 weeks of the Winter School. All work in competitions must be approved and recorded before entry by two Faculty instructors.

All competitors are unrestricted as to amount, size and variety of work they submit in the competition groups, provided they do not exceed the

space allotted. Each sculptor's group must include a composition. Work must be exhibited unframed and unglazed. If tape or stripping is used to trim unsightly edges of canvas, it may be used to give order rather than enhance and must not encroach upon the face of the canvas.

The recipient of a first traveling scholarship must account for a period of at least 90 days in Europe and an itinerary and financial report is required for filing in the school office before October 15.

The recipient of a second traveling scholarship is granted the sum for travel and travel expenses and a general accounting must be made and filed in the school office within three months of the end of its use. The student is not required to return for another period of study but may apply for free tuition should addi-

tional study be advisable. Use of free tuition under such circumstances may be regulated and arranged with the Dean of the schools.

The Faculty will not recommend awards of traveling scholarships if, in its opinion, the work submitted is not of sufficient merit to justify such recommendation. A student may not be awarded more than one traveling scholarship in any given year and is ineligible for competition after having received two such awards.

THE LEWIS S. WARE MEMORIAL TRAVELING SCHOLARSHIPS

The Lewis S. Ware Memorial Traveling Scholarships, in accordance with the will of the testator, provide European Traveling Scholarships in amount and under regulations similar to those of Cresson Scholarships of that year. These Scholarships will

be awarded according to the income available on the recommendation of the Faculty by the Board of Trustees to students of outstanding merit. These Scholarships were first awarded in 1938, one Ware Traveling Scholarship was awarded in 1975 representing an amount of \$2000.

THE J. HENRY SCHIEDT MEMORIAL TRAVELING SCHOLARSHIPS

The J. Henry Schiedt Memorial Scholarships in accordance with the will of Cornelia Schiedt, provide for the award of Traveling Scholarships according to the income available. The award of these scholarships will be made on the recommendation of the Faculty by the Board of Trustees to students of outstanding merit. Eligibility for this competition will be based on the same requirements as

set up for Cresson Awards of that year. These scholarships are not specifically designed for European travel. It is therefore possible, under certain circumstances, for a competing student to make application to the Dean of the Schools at least three months before the date of competition for a particular program. These Scholarships were first awarded in 1949 and five Schiedt Traveling Scholarships of \$2000 each were awarded in 1975. The credit may be used any time within twenty-eight months after receipt of the award.

THE CHARLES TOPPAN PRIZES— These prizes were established in 1881 by the gift of Mrs. Charles Toppan, Miss Harriette R. Toppan and Mr. Robert N. Toppan. Due to the considerable appreciation in value of this trust, the following

regulations were put into effect in 1962, enlarging the benefits but adhering to the positively expressed terms of the original gift that "The drawing of the work submitted will receive first attention of the examiners." First awarded in 1882.

Up to six prizes will be available each year at the discretion of the Committee on Instruction, depending on the amount of income available. A maximum of three drawings matted or prepared for exhibit but not glass covered with no limit on size, subject matter or media, may be submitted in the spring of each year by regularly enrolled students, whose records show attendance for at least two years previous to the current competition. They will be judged by the Faculty, or a committee of the Faculty, and the

winners' work is to be exhibited with the major competition of the season. Any student may receive a Toppan award but once, and there shall be no obligation to award prizes to any work which, in the opinion of the judges, is not of sufficient merit.

THE PACKARD PRIZES—From the income of the John H. Packard Fund, established by the children of the late John H. Packard, M.D., for many years chairman of the Academy's Committee on Instruction, annual prizes of \$50.00 and \$25.00 are awarded for the best and second best groups of original studies made from living animals in the Zoological Garden. These prizes are open to all students of the Academy who have registered for both terms of the school year. A student may not submit more than one set of drawings mounted on

a sheet not to exceed 30 x 40 inches. A student having once received a prize becomes ineligible to receive the same prize for the second time. First awarded 1899.

THE EDMUND STEWARDSON PRIZE—The Edmund Stewardson Prize of \$100.00 in Sculpture is awarded during the school year. This is an annual prize, competed for by students of the Academy, with such pupils of other art schools as may be approved by the Committee on Instruction. The subject for the competition is a full-length figure from life in the round. Studies must not be less than two feet six inches in height, and not more than three feet in height, and must be made within eighteen hours, during three consecutive days, in six sessions of three hours each. A student receiving one Stewardson

Award is ineligible to compete a second time. No one except the competitors is admitted to the competition room at any time during the days of the competition. The Jury of Award consists of professional sculptors, having no official connection with the Academy, nor any other schools whose pupils may have taken part in the competition. If no study be satisfactory to the Jury, the prize may be withheld. When no award is made, the amount of the prize may, at the discretion of the Board of Directors, be added to the principal of the prize fund or distributed with future prizes. The clay models offered in competition must be kept standing in good condition until otherwise ordered and figures cast by the Academy become its property. The competition in the spring of the 1974-1975 year was judged by Robert

Engman. First awarded in 1901.

THE THOURON PRIZES—These awards were founded by the late Henry J. Thouron, a former instructor in Composition. A prize of \$100.00 and a prize of \$50.00 for compositions completed during the current season are offered, the first to be decided by the Faculty, the second by a vote of the students; a prize of \$100.00 and a prize of \$50.00 both awarded by the instructor of the class. A competitor is not eligible a second time for the same prize, and cannot receive more than one award the same season. First awarded 1903.

THE RAMBORGER PRIZE—From the income of a fund established by the late William K. Ramborger, Esq., as a memorial to his sister, Aspasia Eckert Ramborger, who was a stu-

dent of the Academy, an annual prize of \$35.00 is awarded for the best line drawing in black and white of a head from life by a pupil of the Academy who has not been under instruction over two years, but who has been registered in the Academy for both terms of the current school year. Each competitor may submit one unmounted drawing on white paper 19 x 25 inches in size. Having once received an award, a student becomes thereafter ineligible to compete again. First awarded 1911.

THE STIMSON PRIZE—This prize was established in memory of Emma Burnham Stimson and was created for the award each year of a prize in sculpture of \$100.00 for the best work done by the students in the regular course of the class. The contest is open to students who have been

registered for three terms and who are members of the Life Modeling Classes, but is not open to former students who work in the class by special permission. The subject for competition is a full-length figure from life, in the round, not less than two feet six inches in height, and must be made during class hours as a part of the regular work in the class. The work must be submitted anonymously to a jury appointed by the Committee on Instruction. The Jury is not obligated to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards. The competition in the School year 1975-76 was judged by Sidney Simon. First awarded in 1917.

THE CECILIA BEAUX MEMORIAL PRIZE—The gold medals

which Cecilia Beaux received during her life in recognition of her work as a portrait painter have been donated to the Academy by Miss Beaux's residuary legatees and converted into a fund, the income of which will provide a prize to be given for the best portrait painted during a school year by a student of the Academy. This prize of \$100 will be awarded, when available, by the President with the advice of the Faculty. Students eligible for the prize must have been enrolled in the day classes for two consecutive terms and at the time of competition be members of the Advanced Studio. The award is to be for the outstanding portrait accomplished within two terms then current and not more than three examples of work may be submitted. Any student can receive the award but once, and it is particularly stipulated that the

award does not need to be made if, in the opinion of the Faculty, no work is submitted of sufficient distinction. First awarded 1946.

THE JOHN R. CONNER MEMORIAL PRIZE IN GRAPHICS—This prize is made possible through the generosity of Mrs. Frances Weeks Lux in memory of John R. Conner, artist. It will be \$50.00 when that amount is available from the invested principal. First awarded 1955.

THE CATHARINE GRANT MEMORIAL PRIZE—This prize of \$200.00 will be given for the best landscape or still life. This prize has been made possible by funds set up through the sale of paintings from a memorial exhibition of the work of Catharine Grant, held in the Academy in the fall of 1954, and from

special contributions from her friends to this fund. First awarded 1955.

THE MINDEL CAPLAN KLEIN-BARD AWARD—Through the generosity of Mrs. Joseph Caplan, an award of \$25.00 in art supplies is presented each spring in memory of her daughter, Mindel Caplan Kleinbard. First awarded 1958.

THE EDNA PENNYPACKER STAUFFER MEMORIAL PRIZE—A prize of \$100.00 will be available yearly to be awarded by the Faculty, or a committee of the Faculty, to a student in the School of the Pennsylvania Academy of the Fine Arts in recognition of excellence in any medium of the Faculty's choice, and preferably at a time of year other than the late spring so that the finan-

cial advantages may be enjoyed by the student during the course of his studies. It was further agreed that the prize could be increased in amount should the investment make that possible but no award shall be given in any year when a lesser amount than \$100.00 is available. This prize was established by Ellen Evans to honor the memory of her beloved friend Edna Pennypacker Stauffer, 1883-1956, painter and lithographer of broad reputation who was a student at the Academy in 1902, 1903 and 1904. First awarded in 1961.

THE ELEANOR S. GRAY PRIZE FOR STILL LIFE—A prize of \$100.00 will be awarded by the Faculty, or a faculty committee, to a student in the School of the Pennsylvania Academy of the Fine Arts who has demonstrated superior ability

through the painting of Still Life. The painting considered must have been done on the Academy's premises during the normal course of the School's activities, and the award may be made during the school year, rather than at the spring judgments. One or two paintings may be submitted by each contestant. This prize is made available through a fund established by Mr. and Mrs. J. Maurice Gray. First awarded in 1961.

THE LAMBERT AND EMMA WALLACE CADWALADER PRIZE FOR LANDSCAPE—This prize is awarded annually through the generosity of Mrs. Cadwalader for the best representational landscape by a student of the Pennsylvania Academy of the Fine Arts. (See note on this fund under Free Tuitions.)

THE FRANCES D. BERGMAN MEMORIAL PRIZE—In 1965, after the death of Mrs. Bergman, a memorial fund was established by relatives and friends. The fund makes possible a money award of at least \$100.00 to a student each spring for the best tradi-

In 1954 and 1956 he made substantial gifts, not as an endowment, but to be used as awards by the sculpture faculty to a worthy student, or students, at the time of the spring competitions. Interview _____ by _____

In order to protect the health of our students, the Pennsylvania Academy of the Fine Arts requires that all students be examined by a physician. Your doctor will certify that you are free of any communicable disease or other condition which might interfere with your activities as a student.

Henry Hotz, Jr.
Dean of the Schools

1. Fill out and return application form (tear out perforated last page in catalogue)—include photographs and the \$10.00 fee. Two letters of reference may be forwarded with the application form or sent directly. Doctor's certificate need not accompany the application but must be received before enrollment.
2. Do not send portfolio until you receive acknowledgement from the school Registrar. Letter will give dates of portfolio evaluation and instructions.
3. Results of portfolio evaluation will be mailed to you by the Registrar. If you have been accepted the letter will include information about admission, dates of registration, payment of tuition, etc. Portfolios should be picked up, by applicants

who live in the Philadelphia area, on Friday of the week of evaluation. Those from out of town will be shipped *collect*.

The Academy cannot assume responsibility for loss or damage to applicant's work. No insurance is placed on your portfolio when shipped *unless* we receive written instructions from the applicant.

4. Enrollment as a student includes payment of tuition, receipt of student card, information about studio assignments, times, days, etc., arrangements for locker space and general orientation.

An interview with the Registrar or Dean may be desirable but it is not a requirement for admission.
