Fire Arts Work - Exterior Sculpture

Gentlemen:

Att: Mr. Stevens

This regard the exterior sculpture which was fabricated and installed at the referenced project. It has come to my attention that the name of your Sub-contracting firm was welded to the Cor-Ten steel sculpture in stainless steel letters approximately five inches high.

This Department has no objection to the inclusion of initials or names of artists and sculptors who have been commissioned to design fine Arts Work. However the inclusion of the names of fabricators or installers is not acceptable. Furthermore, there is no record in our files of your having requested or received permission, in writing, from this Department for this addition to the approved design.

You are hereby directed to remove this firm's name and restore the surface in a manner acceptable to this Department.

Very truly yours,

EDWIN BRUNJES, R.A.
Director
Bureau of Building Design
