Dear John:

Many thanks for again doing a wonderful job for our Annual Institute for Teachers held at the High School for Printing on Saturday, February 1st. Your efforts dressed up the occasion and your suggestions will improve our next year's program.

The efforts of each person were truly reflected in the quality of the program.

The Board of Community Education, through me, expresses its gratitude to you for the wonderful professional approach to in-service education distributed by you.

We know that because of your efforts our job has become a little easier.

Sincerely yours,

MARY C. McDONALD,
Assistant Director
