Mr. John W. Rhoden, Sculptor
235 Eighth Avenue
New York 1, New York

Dear Mr. Rhoden:

Thanks for the photographs. They are somewhat dark so I shall not show them to my friends at IBM but I hope you will get us, at your earliest convenience, some other pictures in either black and white or color or both so that I can lend them to IBM for consideration. I have promised that something of this sort would be forthcoming and if there are any photographic charges involved, I shall be glad to cover them within reasonable limits. We are looking forward to anything you can send us.

Sincerely,

Eliot Noyes
