Dear Johnnie:

I was delighted to hear from you, and especially to learn that you are going to apply for a Guggenheim Fellowship. As a matter of fact, I had suggested your name to the Foundation two years ago as somebody they might watch out for, and of course I'll be delighted to write a letter of recommendation for you.

I'll be in New York for a few days between Christmas and New Year's, for a convention, and if I have some time I'll give you a buzz. Meanwhile, if you come to Chicago for that show in Evanston, be sure to get in touch with me.

Very best wishes to both of you,

Bernie
