Mr. John R. Rhoden
23 Cranberry Street
Brooklyn, New York 11201

Dear John:

I think you may like to have copies of letters of thanks for your splendid gift. The bronze statue Bison which you created for us, is a great addition to the collections of all those who obtained it at the Ball and also of the Empress of Iran.

One of the best parts of working on a project for The Brooklyn Museum is the pleasure of meeting people like you and your wife. I hope you are well now and look forward to seeing you both soon.

Sincerely,

Mrs. Harry G. Parke
