

Mr. Eliot Noyes,

*Copy*

Dear Mr. Noyes,

Sometime ago, I believe it has been two years, I was hoping to have the opportunity of meeting you and having you visit my studio. At that time, I believe, we missed each other, each being in a different part of Europe.

Recently, I have completed a trip to the Soviet Union, as a member of a delegation of artists under the auspices of the Cultural Exchange Services of the Department of State; after completing a six week stint in the Soviet Union I made a State Department tour of Italy, India, Cambodia, Indochina, Indonesia, Korea, Japan, Philippines. All in all I was traveling for six months during which time I had many interesting discussions with artists and architects in these various countries.

I would like very much to meet you and have you visit my studio in mid town Manhattan; please let me know if you

have a moment

*for such a meeting. Sincerely, J.R.*
