Dear Mr. Rhoden:

Enclosed are the clippings which our Embassy in Cairo forwarded to us. Not only should the clippings themselves prove satisfactory to you, but the accompanying Embassy comment that "(you) favorably impressed Egyptian art patrons and critic-journalists beyond all proportion to (your) brief stay" should be accepted as a glowing tribute to you both as an artist and as a "good-will ambassador". Thank you again for the wonderful work you did.

All best wishes to you and Mrs. Rhoden.

Sincerely yours,

Harold E. Nowland
