Dear John:

I have a friend, Ralph Hudson, Head of the Department of Art at Mississippi State College for Women, Columbus, Mississippi, who is interested in having some small bronze pieces made. I wonder if you will drop him a note and give him the address of the people who are doing your work; and if there is any way to give him an estimate as to cost, please do so.

There is a wonderful looking package of photographs that just arrived.

More later -- and many thanks.

Sincerely,

Lamar Dodd,
Head of Department
