Mr. John Rhoden
285 8th Ave.
New York, NY.

Dear John:

We have just wrapped for mailing 25 catalogues, and shall get them into the mail today. They are unfortunately slightly soiled from the printers, since we used the clean ones first, but these are the only ones left now. There are more if you need them; we had no idea how many to send.

We are so pleased about your having been chosen for this State Department honor; it should be a fascinating experience which will bring many interesting and profitable contacts. If there is anything we can do further, please let us know. We have other copies of publicity received here for your show if you should want them.

Sincerely,

Shirley Hardin
