Dear John and Richards:

I enjoyed receiving your gracious note of recent date.

The Department of State meetings are scheduled for May 12 and 13, however, my schedule for that New York is not yet definitely set, but more than likely I will have to go to New York a day or two ahead of time to attend to some Carnegie business. In addition, I hope to have a little time to visit a brother in Long Island, who has recently had a heart attack.

Rest assured that I would love to see you both, time permitting. I will at least attempt to reach you on the telephone, if a visit is not possible. I do appreciate your gracious invitation.

With very best wishes,

Lamar Dodd
