RE: AGREEMENT FOR WORK OF ART  
HARLEM OFFICE BUILDING

Dear Mr. Huggard,

Many thanks for your letter of February sixth concerning the abovementioned Contract.

Enclosed please find copy of the Contract that was sent to me by your department; you will find notations concerning suitability of the Contract to this particular project.

Many thanks to you for your kindness and interest in this matter; However I must state that it seems to me that most things in the Contract would be legitimate in the Contract for the MONUMENT, but it is not suitable for the preliminary situation involved at this juncture. My suggestion would be a much simpler Contract with Schedule A being eliminated completely.

Sincerely Yours,

John W. Rhoden
