Dear Mr. Rhoden:

On behalf of the Museum and its Board of Governors I would like to express our sincerest gratitude to you for your generous contribution to the success of the Persian Fantasy Ball. Being able to offer a handsome and significant work of art is a great incentive to supporters of the Museum to take Sponsors' Tables. This is enormously important to us for the financial success of the Ball. Even more important, however, is that your sculpture is a tangible reminder to our friends of the quality and standards in art that the Museum seeks to perpetuate.

With kindest regards,

Sincerely yours,

Michael Botwinick (cg)
