Dear Mr. Rhoden:

The material that was in this office was shipped to you this week by the Federal Storage Company. I do hope you have received it by now. Let us know, however, if you haven't.

The Storage Company somehow didn't understand that it was to pick up the packages as soon as the order was received but was awaiting some word from you about it. We soon got it straightened out, though, and they picked them up immediately.

Sincerely yours,

Martha G. Coasa
