PINNACLE

HISTORY

The Pennsylvania Academy of the Fine Arts is the oldest art institution in the United States and actually dates its existence from 1791, when Charles Willson Peale commenced his efforts to organize in Philadelphia a school for the fine arts. It was formally founded in 1805, and chartered in 1806. Mr. Peale's first efforts resulted in the formation in 1794 of the Columbianum, and in 1795 under the auspices of that Association there was held in Pennsylvania's old State House, now known as Independence Hall, the first exhibition of paintings in Philadelphia. The Columbianum was ultimately succeeded by the present Academy. In 1805, in Independence Hall, where twenty-nine years earlier the forefathers had signed the Declaration of Independence, seventy-one public spirited citizens, of whom forty-one were lawyers, met for formal organization. They prepared a petition for the incorporation of the Pennsylvania Academy of the Fine Arts. The gathering was a distinguished one, and included George Clymer, a signer of the Declaration of Independence; Joseph Hopkinson, the author of "Hail Columbia"; William Tilghman, President of the Court of Common Pleas, and afterwards Chief Justice of Pennsylvania; Charles Willson Peale, William Rush and Rembrandt Peale, artists; Alexander J. Dallas, District Attorney of the United States; Joseph B. McKean, Attorney General of the Commonwealth; William Lewis, William M. Meredith, William Rawle, Horace Binney, Simon Gratz, John Reynell Coates, Richard Rush, Charles Biddle, John Redman Coxe and Edward Penington. The object of the association, quaintly and vigorously expressed in the language of the day, was:

"To promote the cultivation of the Fine Arts, in the United States of America, by introducing correct and elegant copies from works of the first Masters in Sculpture and Painting, and by thus facilitating the access to such Standards, and also by occasionally conferring moderate but honourable premiums, and otherwise assisting the Studies and exciting the efforts of the Artists gradually to unfold, enlighten, and invigorate the talents of our Countrymen."

GENERAL AND SPECIFIC ADVANTAGES

THE Faculty constitutes the greatest single asset of the Academy's Schools. Many other factors, however, contribute to the strength of the present institution. Its strategic location, Galleries, Library and Print Collection, the Coordinated Course with the University of Pennsylvania, the American Academy in Rome Collaborative problem and the many scholarship advantages will be briefly outlined below. (See "Scholarships and Prizes" for details under that head.)

LOCATION. The Academy building is located in the heart of Philadelphia within one block of City Hall and within two or three blocks of the central city railroad stations. It is within walking distance of practically every gallery, museum, library, theatre and music hall of importance in the city. Considering Philadelphia's wealth in these cultural attributes, the student in the Academy has immeasurable opportunities of augmenting his or her school work in every possible field of inspiration for art and living.

ACADEMY GALLERIES. The Academy's Permanent Collection of Paintings and Sculpture affords an opportunity for the study of examples of famous masters, and includes the Gallery of National Portraiture by Early American Painters; the Temple Collection of Modern American Paintings; The Gibson Collection, largely composed of works of the Continental schools; and the Lambert Collection of Contemporary Art.

The Annual Exhibitions held by the Academy, of which this year's will be the One Hundred and Thirty-fifth, bring together the best examples of current American painting and sculpture, and enable students to follow intelligently the various movements of contemporary art, and to study the technical methods by which the art of today is achieving its results. These exhibitions have been recognized for many years as being the foremost in America.

The Water Color Exhibition, the Exhibition of Modern Miniatures, and the Chester Springs Summer School Exhibition are held in the Fall of each year. The exhibition of work of students submitted in competition for Cresson European Traveling Scholarships and other prizes is held at the end of May. Other special exhibitions continually change the aspect of the Galleries throughout the Winter season.

A student ticket entitles the holder, during attendance at the Academy, to free admission to the Galleries, Special Exhibitions, Lectures, and to the use of the Library and Print Collection.

LIBRARY. An excellent reference library is available to all registered students at specified times. A valuable extension of this library exists in a splendid collection of books, easy of access to the students, which may be taken to the class rooms for intimate study in connection with the class room work.

PRINT COLLECTION. The Academy is the owner of one of the largest and most valuable print collections in the United States, with a total aggregate in all collections of 61,811 prints.

COORDINATED COURSE. The University of Pennsylvania offers its degree of Bachelor of Fine Arts to students of Painting, Sculpture, Mural Decoration, or Illustration, who have completed a course of academic study in the University and prescribed technical work in the Schools of the Pennsylvania Academy of the Fine Arts.

The minimum time spent in the Coordinated Course by any student, not counting those with advance credit, is five years, during which time fifty-eight (58) semester credits must be completed in required academic courses at the University and technical work throughout that complete period at the Academy.

I. Prescribed Work, 51 Semester Credits		Semester Credits
(a) History of Art		12
(b) English		12
(c) Modern Language		6
(d) General History		6
(e) A Science		6
(f) Psychology		6
(g) Aesthetics		3
		<hr/> 51
II. Elective Subjects		7
Total Semester Credits		<hr/> 58

Advanced standing for academic work up to 22 semester credits may be allowed by the University. For previous technical study of the Fine Arts the Academy may allow credit up to two full years. (This does not apply to the terms of the Cresson Competition.)

The technical work of the student is judged each term by the Committee on the Coordinated Courses. Reports are rendered each term. In the academic courses the standing is reported each term by the University.

The students in these courses share all privileges extended to the student-body of each institution and are also subject to the regulations imposed.

Candidates for admission to the Coordinated Courses must meet the requirements of each institution. Application blanks will be sent upon request.

COLLABORATIVE PROBLEM. It is the aim of the Academy's Schools to approach the fine arts in the broadest sense. Toward that end and because of the ideal coordination with the University of Pennsylvania, through its School of Fine Arts, one of the most valuable features is the participation through and with the Association of the Alumni of the American Academy in Rome in their Collaborative Problem. This project engages students in architecture, landscape architecture, mural decoration and sculpture. Teams of four are formed, the latter two members from the Academy, in the study of these, the four great art departments, toward a perfect whole. The Academy deems the opportunities thus afforded so valuable that it offers tuition scholarship prizes to those students whose teams place in the prize winning groups in the Rome Academy's judgment. For particulars see Collaborative Prizes under "Prizes and Scholarships."

INSTRUCTION

The general method of instruction is by individual criticism of class work, without the repressing effect of fixed methods. The purpose of this training is to develop the students' natural abilities, to enable them to acquire technique, and to stimulate their sense of beauty. The various classifications of study are closely allied and students in one department are privileged to work in the other departments by arrangement with the Curator. This entails no additional fee.

ATTENDANCE. There is no compulsory attendance in any class or classes of the Academy schools but every day student is afforded the fullest possible opportunity to actively participate in a schedule which can completely fill six or seven day hours six days of every school week plus three additional evening hours on five of those days.

SCHEDULE OF CLASSES. All new students, except those who enter the Sculpture Classes, are required to work on trial in either the Antique Cast Head or Antique Cast Figure drawing classes regardless of previous training. Students whose credentials satisfy the management may be admitted into the second section immediately.

DRAWING. These classes are maintained primarily to provide a ground work in drawing which may be developed later in the Painting and Illustration Classes. Working in monochrome (generally black and white) from the plaster cast, both head and figure with unchanging light, provides the beginner that opportunity to grasp the problems of light and shade toward the expression of form more easily than by work from living models.

Students admitted under this head are not eligible to compete for prizes or scholarships. The fees are set at a reasonable figure so that many may enjoy the privilege of Drawing, Painting, or Modelling in the life classes. See "Fees" for details. All day students are entitled to work in the evening classes without extra fee.

Models pose on Tuesday and Thursday evenings of each week. The Life and Head models alternate on a two-week schedule.

PART TIME CLASSES. A courtesy part time registration without prize or scholarship eligibility is offered to former students at greatly reduced rates to aid them with instruction, the invaluable continued use of models and to concretely express the genuine interest the Academy has in all those who have studied here. (See Rates.)

REGISTRATION OF WORK. Each student is required to register one example of work, once each month, representing effort in each of the classes listed under the department in which he or she is enrolled. For example: the student in Preliminary Painting registers one Life, Head, Construction, Costumed Sketch, and Still Life per month. The exceptions and special classes are listed below. The same work cannot be registered more than once. An unbroken record of registration is necessary for eligibility for competitions, and is required of all students in the Coordinated Course. Written requests for excuse upon legitimate grounds (illness, unavoidable absence, etc.) must be addressed to the Curator for approval.

ROBERT C. TURNER

CRESSON SCHOLAR IN PAINTING 1939

Attendance upon the classes on Understanding of Art and Composition is not compulsory but students are particularly urged to attend all through their Academy experience. Composition studies and finished work will be registered according to posted regulations.

Perspective drawing is a two-term (one-winter) course and is compulsory of satisfactory completion before any student may compete for a Cresson Traveling Scholarship, or receive the award of a Collaborative Scholarship, and also upon all students taking the Coordinated Course with the University of Pennsylvania. Every student is urged to get credit for this course in his first or second year.

Anatomy lectures are not compulsory but every student is advised to attend regularly for at least two terms (one winter).

PROMOTION. Application for promotion from the First Antique Cast Drawing section to the Second Antique Cast Drawing section and subsequently into Painting or Illustration may be made at any stated monthly meeting of the Faculty. A group of Drawings or Paintings, one each from all branches of classes attended, is placed for judgment with the application. Each work submitted must have the approval of the Instructor of the class in which it was made. If the Faculty finds the group of insufficient merit to warrant promotion the student may submit another group to the Faculty at any subsequent meeting. Admission to the Advanced Head and Advanced Life Painting classes is also by action of the Faculty upon the submission of one head or life painting (respectively) accompanied by a line drawing made from the life model as posed in the class. The work submitted needs no approval.

Admission to Mural Decoration is arranged by conference with Mr. George Harding and the Curator.

All students in the Sculpture classes begin, upon entrance and regardless of what previous experience they have had, in the regular head and life classes. Their entrance into the broader activities of the Sculpture department is arranged by conference with Mr. Walker Hancock and the Curator.

SCHOLARSHIPS AND PRIZES

FREE TUITION SCHOLARSHIPS. Free tuition scholarships are available to returning students whose financial obligations have been met in full, for at least two terms. These scholarships are solely for the purpose of financially assisting those who would otherwise be unable to pursue their study of art. Eighteen full free tuition scholarships and 15 half tuition scholarships were awarded in May, 1939, for the Winter School year 1939-40.

A major number of these are given each year by George D. Widener in memory of his father and mother, George D. Widener and Mrs. Alexander Hamilton Rice. Others are made available through bequests of various friends of the Academy to be used for scholarship aid: The Louise Harrison Memorial Scholarships given by Thomas S. Harrison in memory of his wife; The Mary R. Burton Scholarship; The Sarah Kaighn Cooper Memorial Scholarship through the generosity of Mrs. George K. Johnson; and the Elizabeth H. Thomas Memorial Scholarship.

Application may be made in the Spring of each year and again in January, should any of the previously awarded scholarships become available. These scholarships are awarded by the Board of Directors upon the recommendation of the Committee on Instruction and the Faculty. Applicants must fill in a prepared form and submit it together with not more than four examples of their work to the Curator before the stated meeting of the Faculty for May, 1939. These applications must be accompanied by a letter addressed to the Committee on Instruction stating the necessity for requesting free tuition.

At the discretion of the management, and at times when there is a particular demand for such help, certain of these scholarships may be granted as half scholarships.

THE WILLIAM EMLÉN CRESSON MEMORIAL TRAVELING SCHOLARSHIPS

By the liberal provisions of the wills of Emlen Cresson and Priscilla P., his wife, a Fund has been created as a memorial to their deceased son, William Emlen Cresson, Academician, the income of which is to be applied by The Pennsylvania Academy of the Fine Arts in sending pupils of merit to Europe.

The award of a Cresson Traveling Scholarship credits each student with \$1100.00; \$900.00 of which is to be used for a Summer of foreign travel and traveling expenses, and the remaining \$200.00 pays for tuition in the ensuing two terms immediately following at the Academy.

An award is not to be regarded as a certificate of proficiency. The winners should consider rather, that their industry and promise have won for them the opportunity to introduce into their period of schooling this inspirational and broadening incident. Each recipient is required to return to the Academy for further study and the financial arrangement is thus planned to insure this program.

The awards are divided among all departments of study and are allotted as to standard of work as one factor, and the number of contestants proportionally from each department as the other factor.

ALICE UHLMANN

CRESSON SCHOLAR IN PAINTING 1939

The awards are made by the Board of Directors through its Committee on Instruction, upon the recommendation of the Faculty. Seventeen students were awarded Cresson Traveling Scholarships in 1939. The student illustrations in this catalogue are selected from the work of the winners in the 1938 competition.

In the case of exceptional merit and when a very decided improvement is evident a student may, through the same authority, receive the award a second time. Competition for a second scholarship must be entered during the year succeeding the first award, unless otherwise ruled or a satisfactory excuse be accepted by the Committee on Instruction.

RULES GOVERNING THE CRESSON COMPETITION. Students are eligible for competition for a Cresson Traveling Scholarship when they each have an aggregate of 96 Academy school weeks to their credit, which must have been accumulated within five (5) years of the date of competition. The final 32 weeks (two terms) must be spent in the Winter School of the Academy and must be within the school year of competition. Time spent in the Summer School of the Academy is counted (provided certain requirements have been fulfilled) in the aggregate of the first 64 weeks.

Every student must have a complete and unbroken registration record over the time included in computing eligibility (see "Registration of Work"). They must also have completed satisfactorily their work in Perspective (two terms). Delinquencies due to absence for illness or other causes must be satisfactorily explained in writing to the Curator for excuse and all financial obligations must be fully paid.

All students entering the competition are required to sign at the Curator's office in order to signify their intention before the first day of December in the school year of competition.

All work submitted in competition must be that which has been done in the Academy classes or for Academy registration and has received criticism from a member or members of the Faculty. It must also be work completed within the last 32 weeks of the Winter School or the 16 weeks immediately preceding in the Summer School. Either the stamp from monthly registration or one by special arrangement at the Curator's office must be upon each work exhibited.

All competitors are unrestricted as to the amount and variety of work they submit in the competition groups, provided they do not exceed the space allotted to them, but each Painter's group must include a landscape.

M. MILTON HULL

CRESSON SCHOLAR IN ILLUSTRATION 1939

Paintings, Drawings, and Illustrations exhibited in the Painting or Illustration groups must not exceed 36 inches in either dimension, and must be exhibited unframed and unglazed. If tape is used to trim unsightly edges of canvases it may be used to give order rather than enhance and must not encroach upon the face of the canvas.

Every student awarded a First Cresson Traveling Scholarship must leave for Europe on or before June 15th of the year of award; otherwise the scholarship is revoked. A period of at least 90 days in Europe must be accounted for in the financial and itinerary report which is required for filing in the office of the Curator before the first day of December following the award.

In the case of a second Cresson Traveling Scholarship, the student is granted the privilege of using the credit for travel (\$900.00) any time within two years and four months of the receipt of the award. The \$200.00 credit for tuition, however, must be used within the year following the award. The financial and itinerary report covering the period of at least 90 days in Europe is also obligatory upon them and must be filed at the Curator's office within six weeks of their return to America.

THE LEWIS S. WARE MEMORIAL SCHOLARSHIP. The Lewis S. Ware Memorial Scholarship, in accordance with the will of the Testator, provides a European Traveling Scholarship in amount and regulations similar to those of Cresson Scholarships of that year.

This scholarship will be available at intervals of possibly three or four years and is to be awarded when available by the President with the advice of the Faculty to a student of outstanding merit who is not receiving a Cresson Scholarship that year. This Scholarship was last awarded in May, 1938.

COLLABORATIVE SCHOLARSHIPS. Realizing the growing interest in and the demand for well-trained Mural Decorators and Sculptors acquainted with the problems of their co-artists the architects, this scholarship is designed particularly to encourage talented students toward competent and thorough knowledge in these fields.

Two terms of free tuition in the Winter School are, therefore, to be awarded to each painter or painters and sculptor or sculptors whose team or teams place first, second or third in the Association of the Alumni of the American Academy in Rome judgment; provided, that in the acceptance of such scholarship, the students will major in their respective departments (Mural Decoration and Sculpture), and shall use this tuition credit in the school year directly following after that of the award.

JANET SYMMES

THE CHARLES TOPPAN PRIZES. The Charles Toppan Prizes for 1939 are: First Prize, \$300.00, Second Prize, \$200.00, and two honorable mentions of \$100.00 each.

These prizes were established in 1881 by the gift of Mrs. Charles Toppan, Miss Harriette R. Toppan, and Mr. Robert N. Toppan.

The prizes are awarded only to students who have previously received and used a Cresson Scholarship. Competitors who fulfill all of the requirements for a Second Cresson Traveling Scholarship will, at the same time, be considered eligible to compete for a Toppan Prize. Competitors who are not in Competition for a Second Cresson Traveling Scholarship are required to register certain work each month, and will arrange individually with the Curator for the requirements in the respective departments of Painting, Illustration, Sculpture and Mural Decoration.

Any student having received one Toppan prize is debarred from receiving another Toppan prize of the same or lower value.

The work submitted in competition must be an original painting, in oil or water color, the unaided work of the student without criticism. The subject for the paintings to be submitted will be announced Friday, November 10, 1939. All work in competition must be submitted without signature by Monday, May 13, 1940, 12 o'clock noon. No student may submit more than one canvas. Canvases submitted must not measure less than twelve inches nor more than thirty-six inches in either dimension, and must not be framed or presented under glass.

Canvases are numbered by the Curator, and a memorandum of the numbers and competitors' names is kept in a sealed envelope which is opened after the prize-winning canvases have been selected by the Committee on Instruction. According to the positively expressed terms of the gift, the drawing of the work submitted will receive first consideration.

The Committee on awards is not obliged to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards.

THE THOURON PRIZES. These awards were founded by the late Henry J. Thouron, a former Instructor in Composition.

A prize of \$50.00 and a prize of \$25.00 for compositions completed during the current season are offered, the first to be decided by the Faculty, the second by a vote of the students; and a prize of \$50.00 and a prize of \$25.00 both to be awarded by the Instructor of the class.

WAYNE DeWITT LARABEE

CRESSON SCHOLAR IN ILLUSTRATION 1939

A competitor is not eligible a second time for the same prize, and cannot receive more than one award the same season.

The Committee on awards is not obliged to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards.

THE STEWARDSON PRIZE. The Edmund Stewardson Prize of One Hundred Dollars in the Department of Sculpture will be awarded for the 40th time at the close of the school year.

This is an annual prize, competed for by present students of the Academy with such pupils of other art schools as may be approved by the Committee on Instruction. Having once received this award, a student is ineligible to compete for this prize a second time.

The subject for the competition is a full-length figure from Life in the round. Studies must not be less than two feet six inches in height, and not more than three feet in height, and must be made within eighteen hours, during three consecutive days, in six sessions of three hours each.

No one except the competitors are admitted to the competition room at any time during the days of the competition, and no one except the members of the Jury are present during the judging of the studies.

Each competitor draws a number by lot. This number determines the competitor's position in the competition room and a corresponding number is placed upon an envelope which contains the competitor's name and is deposited sealed, with the Secretary of the Academy. Upon completion of the work the competitor places a corresponding number upon the study to be submitted to the Jury of Award.

The Jury of Award consists of three professional sculptors, having no official connection with the Academy, or any other schools whose pupils may have taken part in the competition. When the successful number has been announced by the chairman of the Jury, the Secretary, in the presence of one or more of the officials of the Academy, opens the envelope bearing that number and announces the name of the successful competitor. If no study be satisfactory to the Jury, the prize may, at their discretion, be withheld. When no award is made, the amount of the prize may, at the discretion of the Board of Directors, be added to the principal of the prize fund or distributed with future prizes.

The clay models offered in competition must be kept standing in good condition until otherwise ordered and figures cast by the Academy become its property.

G. PILLOW LEWIS

THE STIMSON PRIZE. This prize was established in memory of Emma Burnham Stimson and was created for the award each year of a prize in sculpture of \$100.00 for the best work done by the students in regular course of the class.

The contest is open to students who have been registered for three terms and who are members of the Life Modelling Classes, but is not open to former students who work in the class by special permission. Time spent at work in the Sculpture Classes at the Chester Springs Country School will be counted up to two of the three terms.

The subject for competition is a full-length figure from life, in the round, not less than two feet six inches in height, and must be made during class hours as a part of the regular work in the class.

The work must be submitted anonymously to a jury appointed by the Committee on Instruction of the Board of Directors. The Jury must not include any instructor in the School.

The Committee on awards is not obliged to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards.

THE PACKARD PRIZES. From the income of the John H. Packard Fund, established by the children of the late John H. Packard, M.D., for many years chairman of the Academy's Committee on Instruction, annual prizes of \$30.00 and \$20.00 are awarded for the best and second best groups of original studies made from living animals in the Zoological Garden. These prizes are open to all students of the Academy who have registered for both terms of the school year. A student having once received a prize becomes ineligible to receive the same prize the second time.

The Committee on awards is not obliged to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards.

THE RAMBORGER PRIZE. From the income of a fund established by the late William K. Ramborger, Esq., as a memorial to his sister, Aspasia Eckert Ramborger, who for some years was a student of the Academy, an annual prize of \$25.00 is awarded for the best line drawing in black and white of a head from life by a pupil of the Academy who has not been under instruction over two years, but who has been registered in the Academy for both terms of the current school year. Each competitor may submit one unmounted

drawing on white paper 19 by 25 inches in size and unmounted. Having once received an award, a student becomes thereafter ineligible to compete again.

The Committee on awards is not obliged to award prizes or honorable mentions if, in its opinion, the work submitted is not of sufficient merit to justify making the awards.

FREE TUITION SCHOLARSHIP and PRIZES for the HIGHER SCHOOLS OF PHILADELPHIA AND VICINITY. The Directors of The Pennsylvania Academy of the Fine Arts have established a Free Tuition Scholarship Competition among the Senior students of the Higher Schools of Philadelphia and vicinity.

The First Prize will consist of a Free Tuition Scholarship in the Academy's Winter School for two terms. A second and third prize of \$25.00 and \$15.00 respectively shall also be awarded.

The work of two students, judged best and second best by the instructor of the individual schools, must be sent to the Secretary of The Pennsylvania Academy of the Fine Arts, Broad and Cherry Streets, not later than May 13th, 1940. The Faculty of the Academy will then judge the drawings submitted and the prizes will be awarded.

The drawings must be free-hand from a cast or other object assigned by the instructor, and must be the unaided work of the student, without criticism. The drawings must be made with lead pencil, charcoal or crayon on white paper 19 inches by 25 inches in size and unmounted. All entries must have the following information legibly written on the back; name of the competitor, name of the school in which the student is working, and the signature of the Principal of the school. Competitors must be regularly enrolled students of the schools from which they are competing. Drawings may be called for at the Academy two weeks after the announcement of the awards.

The purpose of making these awards is to stimulate interest in drawing and the fine arts generally, to discover those who possess marked talents, and to offer them the advantages of study at the Academy. It is hoped that these awards, and the stimulus they afford will lead to a closer sympathy between the art instruction in the city's higher schools and the work of the Academy itself.

ADMISSION. Application blank, sent upon request, must be filled in and returned to the Curator with letters of character reference, a doctor's certificate of health, a full-length snapshot, and, on request, the applicant must submit examples of work in which the Faculty can find an apparent ability and promise and an evident sincerity of purpose, before the student may register. Admission is contingent upon complete satisfaction to Faculty and Management in each and every particular as listed above and is always subject to the reserved right of dismissal. No student is eligible unless at least sixteen years of age and possessed of a completed high school education or its equivalent. The Committee on Instruction reserves the right to limit the number of students under any or all classifications.
