Brooklyn Heights, NY

Dear Mr. Rhoden:

Please forgive my delay in returning your biographical materials and exhibition catalogues. I wanted to wait until I had photographs and newspaper clippings to send to you as well.

We have received many favorable comments about your sculpture, as well as a lot of publicity! It was a pleasure working with you on publicizing the gift of the sculpture and the unveiling. I hope we'll see you at Lincoln again in the future.

Sincerely yours,
