Dear Richanda and John:

Thanks so much for your good letter of the 16th, and I am only sorry it arrived before I had had an opportunity to thank you two for the pleasant hour we had with you on Sunday. On one of these trips I hope I can add a couple of extra days in which to do the things I really want to do, and I'll take a rain check on that dinner.

Thanks for the comments on the handling of details of your last trip, and if the opportunity presents itself when I visit Washington, I will be glad to pass along this information.

Betty was very happy that she finally got to meet John and Richanda and to see some of your work. That is a marvelous piece you were doing for the ballroom, John, and I would like to see the entire job when it is finished.

Very best wishes to you both, and once again thanks for the very delightful hour.

Sincerely yours,

Lamar Dodd
