Philadelphia Sheraton

Mr. John Rhoden
285 8th Avenue
New York 1, New York

Dear Mr. Rhoden:

Before you begin working on a model for the stairs, we should arrange for you to meet the Sheraton people and for you to be employed by them. Before we make this introduction, we would like to get some idea of how much you think this stair screen will cost in gilt iron or brass and iron, etc., because cost is a great item in the thinking of hotel people.

We are pleased that you are interested in the project.

Sincerely,

RCD:man
