August 13th, 1958

Dear Mr. Dodd, This afternoon I received a call from Mr. Caldwell in Washington with regard to the exhibiting of work on the tour of Russia.

Even though I am such in favor of exhibiting work on the tour, I certainly would not want to be the only artist exhibiting his work. Of course, if the others decide that they too want to exhibit, I will be more than glad to cooperate with such a venture. In the meantime, I am preparing photographs and slides that can supplement a small exhibition.

Best wishes and regards to your family.

John
