New York 1, New York

Dear John:

Welcome home - we have missed you both but we've been keeping up with you indirectly. Two weeks ago I gave a lecture at the National Gallery and who should introduce me but Lester Cook, remember?

I was in New York only two weeks ago and I will be back about the middle of May for the Department of State meeting. If time permits, it would be wonderful seeing you and Richanda. The young lady is down with the measles and I don't know whether you knew it or not but Mrs. Dadd was involved in an automobile accident in September, however, inspite of seven broken ribs, she has made a beautiful recovery.

Best wishes to you both,

Sincerely,

Lamar Dadd
