Sunday night

Shummy dear,

Today for the first time I do spend most of the day in my room. I slept late and read magazines and papers. Then Alexi Haefff called me to have a drink with him before Sunday dinner. I had a small one. He sends his best and he has told you everyone wish you were here. Wasn't why didn't we play this thing right?

Last night I went to Curicco's home for dinner. There and the baby is fine. I visited the foundry and the first question, Don't sign the? Can you know how I feel? I just sat in the studio of Laurent and no you do I left. I'm sure that I'll get nothing home. Don't be too sad because of this letter it's just the way I feel just now.

There are so many people here at the Academy. I'm sure that they all are very nice but Joe had no desire to be sociable. Today I did see what the people are doing here. Will you know some architect. Owners of Madonna's Marble - twisting them into some project.

I've let it off sort of bad with him
I don't think I had much love for
the company because of the Pansky
deal. Altho I did do very well
for myself because of that project.

Tomorrow will be a very busy day
as the Embassy running all over
Rome getting visas, of course I
will have the Embassy car and
someone to help clear all this
mess. I shall write again
tomorrow and sooner if anything
of exciting interest should happen.

Thursday night Dec 18th
at midnight I shall fly to
India for 3 or 4 days. Then
to Bangkok for about 2 weeks
Perhaps tomorrow I shall have
my stereos and I shall
sent it too you. I must hear from
you if I can't have you with me
Love
Johanning
