Dear Rhodes:

It is a pleasure to have your finished work in my possession and I want to thank you for all your time and effort spent in creating it. Everyone has agreed that the bust is a splendid likeness which surely reflects your talents.

I have autographed one of the pictures for you and it is enclosed.

I hope that you have the opportunity to continue in this type of work as you are enthusiastic and very apt. Best of luck to you.

Sincerely,

H. R. HARLOW
Major General, U. S. A.
