Dear Mr. Rhoden:

This concerns the four sets of color slides,
100 slides in all, entitled "As I See myself" and "The Four
Seasons" loaned to you last September for use during your
travels abroad. It was our understanding you would be re-
turning these slides before the end of 1958. To date we
have not heard from you.

I would be interested in meeting you, perhaps
in Manhattan, to discuss with you the reaction of your audiences
to these slides.

Sincerely yours,

Konrad Prothmann

Mr. John W. Rhoden,
285 Eighth Avenue,
New York 1, N.Y.

Dear Mr. Rhoden:

We refer to letter of January 18th signed by "Richarda Rhoden", stating you would be returning in March with the four sets of slides: 2 each of "As I see Myself" and "The Four Seasons".

I trust your lecture tour with the slides proved very interesting and most worthwhile, and that the slides were of great benefit where shown.

At your early convenience would you kindly contact me, and let me know when I may expect to receive the slides that had been lent to you?

Sincerely yours,

Kp-sh

P.S. When I called at the Art Dept. of N.Y. City Schools several months ago I was informed that you were still travelling; if you have returned by now, the slides should be returned.
K.P.
