Dear Mr. Rhoden:

Recently while looking through the art page of the Sunday Times I chanced to read that you were having an exhibition of your sculpture at the Seidenberg Gallery. I want to congratulate you on your success and hope that you will sell many pieces. I doubt that you will remember me, but I studied painting at Columbia for three years while you were there. About three years ago I opened a gallery of my own in Cambridge and more than once thought about you but had not the slightest idea of how to get in touch with you. Now that I have been able to locate you, I want to ask you if you would be interested in exhibiting some of your sculpture at my gallery.

Cambridge is a very fine cultural center and I believe that your work would be well received. For a start I would like to have two or three pieces. You may be interested to know that this April I am having an exhibition of sculpture by a young Spanish artist whose name is Miguel Gusiis.

Please let me hear from you at your earliest convenience concerning this matter as I hope that we may work something out together. Do you ever get the opportunity to come up to Boston? For, if you do, my wife and I would be happy to have you visit.

Sincerely yours,

Paul Schuster
