Dear Mr. Rhoden:

The problem of arranging for the commissioning of sculptors for the project, for which we invited you in December to send us some photographs of your work, continues to be complicated for the reasons indicated in my letter to you of February 10th, returning your photographs.

To support our recommendations, we now find that we must resubmit photographs of your work. We would appreciate it, therefore, if you could at your earliest convenience send us at least two good photographs of work of yours in the monumental field, executed preferably in metal. I am sorry to cause you so much trouble, but I hope and believe that in the long run it will be to our mutual advantage.

With all good wishes, I am

Yours sincerely,

James Kellum Smith
