Dear John, Bill and Watty:

I am delighted to tell you that we have received official word from the Union of Artists in Moscow that they will be happy to receive the publications which, it appears, we can get from the People's-to-People Program through cooperation with the Department of State. I am awaiting further word from other unions about this matter, and as developments occur I'll keep you informed.

Best wishes to all.

Sincerely yours,

Lamar Dodd, Head  
Department of Art
