New Canaan, Connecticut

Dear Mr. Noyes,

Now that the frost is on the pumpkin, in some places North of here, anyhow, I have a reminder of your letter to me last July 23rd in which you said that I should call you in September or October.

I would like it very much if you would drop by my studio sometime in the near future and see my work, at any time convenient to you.

Sincerely,

P.S.: My studio is at 24th Street and 8th avenue.
