Dear John:

How wonderful to have greetings from you in Saigon, and I am so happy that you discovered that I did talk quite a bit about John prior to his arrival in certain points. I hope you have enjoyed your stay, but I know you are anxious to get back to the studio and once again to work.

Very best wishes to you, and let me know how those films came out once they are processed. My regards to Richards.

Sincerely,

Lamar Dodd, Head
